PRESIDENT'S NOTE IS SHOCK TO LONDON SESSION

Stabilization Is Side-Track At London Parley

United States Refuses To Enter Agreement For Temporary Stabilization

CONFERENCE WILL NOW CONTINUE

Artificial Trade Barriers Are Now Being Attacked By Delegates

International News Service Staff Correspondent

LONDON, June 22.—Formal announcement of America's refusal to enter any temporary stabilization agreement was made here today by the American delegation to the world economic conference.

Definitely sidetracked. GEOLOGICAL MUSEUM, LONDON, June 22.—The tangled problem of monetary stabilization was definitely sidetracked in deference to American wishes at the world economic conference today.

Hopeful that with this issue temporarily out of the way, the world economic conference would be in a position to achieve definite results. Secretary of State Cordell Hull presented a resolution designed to lay the foundation for gradual reduction and removal of artificial trade barriers.

Decision to sidetrack the stabilization issue was reached at a meeting between Secretary Hull, Prime Minister J. Ramsay MacDonald of Britain and Finance Minister Georges Bonnet of France. Formal announcement to this effect will be made later in the day, according to expectation.

Confronted with America's firm refusal to be dragged into a premature stabilization agreement, the French and British representatives had to fall in line. The conference is now expected to proceed with its (Continued On Page Two)

With all sixty of the hot mills of the two tin plate plants in operation, the old south side begins the heat like old times. The smoke of prosperity is rolling over the district in most gratifying volume.

Former students and grads of New Castle high will gather tonight at the cathedral in their annual reunion. It looks like the old time weather jinx is still pursuing the grads. For years it the custom to have the reunion at Cascade Park, but about three out of four years rain interfered. It looks like rain today, but the shift to the cathedral will prevent the weather spoiling the reunion.

Work is progressing steadily on the construction of the new federal building on the public square. It is evident from the announcement that the formal cornerstone laying ceremony will take place on June 30. Work on the stone construction of the outside walls will follow rapidly after the cornerstone is set.

Showers this morning not only provided a welcome relief from the heat, but also refreshed lawns and gardens which were beginning to feel the need of rain badly. A good soaking rain of a day's duration is needed.

George Bernard Shaw Says Conference Fails

AYOT, ST. LAWRENCE, HERTFORDSHIRE, Eng., June 22.—The world economic conference has been mistitled. It should be known as the "world idiotic conference."

In a devastating attack upon international parleys, world statesmen and bankers, George Bernard Shaw let loose his vitriol today and subjected the economic conference now meeting in London to violent castigation.

Discussing the parley with International News Service in an exclusive interview, he ripped and tore through the deliberations, accused statesmen of ignorance and bankers of greed, and strongly urged that the delegates pack up their luggage and start for home immediately.

"They might just as well go home now," the famous playwright and wit declared. "For the conference has failed—it failed before it began."

Seated in the garden on his beautiful country home in Hertfordshire, Shaw expressed his absolute conviction the parley is headed for blank failure.

"Nothing can come of it except recriminations and worse confusion," he said.

WILL ROGERS says:

(Special To The News)
BEVERLY HILLS, Cal., June 22.—Did you read this in the paper this morning? There are 800 people (get that—800) work in the library of congress. Didn't know there was anybody there but a watchman. Why, that's a librarian to each book.

Well, the Democrats have found that there is only 40 of these that are Democrats. The total salary in there is \$773,360, so the Democrats figure about \$750,000 of this is a total waste to the country, unless they can get Democrats in there to help read the books for the congressmen.

The American dollar is down to 75 cents abroad. Be a good time to go over and buy some, for they are still worth \$1.50 over here.

Call Off Further Wage Reductions For Rail Workers

Railroad Heads Surrender Right Until June 30, 1934 To Cut Wages

PRESENT WAGES WILL CONTINUE

Agreement Is Hastened By Action Of Federal Coordinator Joseph B. Eastman

(International News Service)
WASHINGTON, June 22.—Railroad employees were assured continuation of their present wage today, following an agreement between the rail heads and Joseph B. Eastman, federal coordinator of transportation. Under the agreement the railroads will surrender until June 30, 1934, the right to seek a further reduction in employees' wages.

The railroads on June 15 gave notice of their intention of declaring a further wage reduction of 12½ per cent of the basic wage rate, in addition to the 10 per cent reduction already accepted by the rail brotherhoods under the Chicago agreement. The brotherhoods, following the announcement of the 12½ per cent reduction, declared they would not accept the cut, and the country was faced with the possibility of a nationwide transportation strike, when Eastman called the rail operators to the capital for conference.

Mitchell Found Not Guilty By New York Jury

(International News Service)
NEW YORK, June 22.—Charles E. Mitchell, former head of the National City bank, today was acquitted of income tax evasion by a federal jury.

There were two counts in the indictment against the resigned chief of the National City bank, alleging evasion of a tax payment of \$850,000 for 1929 and 1930.

Three carloads of wool were graded and weighed here on Tuesday and Wednesday, under the supervision of E. B. Connell, State College extension expert, and Clifford Stone, representing Charles B. Boyd & Co. of Philadelphia, purchasers. The wool was shipped this morning. In addition, two carloads were shipped out of Butler on Monday by growers residing in Butler county.

The Lawrence County Wool Growers' association is made up of sheep raisers in Lawrence, Beaver and Butler counties, most of whom, however, come from Lawrence county.

This year's yield came from 348 different growers, 49,000 pounds being contributed from Lawrence county, 33,000 from Butler county and 14,000 from Beaver county.

The price this year was the largest received in some time, being ten cents per pound higher than was paid last year by the purchaser, and this, along with the fact that the yield was also good this year, is attributed by officers of the association to the record pool.

Twenty Nurses Are Graduated From Hospital

Jameson Memorial Hospital Class Given Diplomas Wednesday Night

EXERCISES OCCUR IN DOWNTOWN CHURCH

One Member Of Class Unable To Attend Because Of Sudden Illness

Two records were established Wednesday night when the commencement exercises of the Jameson Memorial hospital nurses were held in the First Christian church. The class was the largest ever to graduate, either from the Shenango Valley or the Jameson Memorial, and the exercises were the shortest on record.

Impressiveness does not depend upon length, it would seem, for although the time consumed from start to finish was less than an hour there was an impressiveness about the whole thing that fitted the character of the profession represented there.

Church Full.

Despite the oppressive heat, there was approximately 550 people present in the church as the class of graduates filed in to the strains of the Grand March from "Aida".

Heading them were graduate nurses of the staff of the Jameson Memorial hospital.

Rev. G. S. Bennett, pastor of the First Christian church, pronounced the invocation and Fred L. Rantz, president of the board of directors, began his address of welcome.

Consider Possible Use Of Government Funds In Work Here

Driving forward a plan for bringing the "helping hand" provisions of Uncle Sam's new Federal Public Works bill into local force as soon as possible, city and county officials, meeting Wednesday afternoon with representatives of the Lawrence County Emergency Relief board, laid the groundwork for what may become a major public works program for New Castle and Lawrence county.

Discuss Possibilities. The public authorities voluntarily joined with the relief board spokesmen to discuss informally the possibilities that lie ahead as a result of President Roosevelt's approval of the broad national recovery act. Called into session by Dr. G. S.

Bennett, chairman of the county board, the group, comprising a goodly portion of his board's work-project committee, spent almost an hour in discussion of public projects that could be launched here.

While discussions included a host of things, many of which were entirely new, the officials adjourned with no definite decisions made but with a harmonious feeling for future progress.

Government Proposal. Under the government's recovery act provisions, New Castle and the county, along with other governmental units, is offered an outright gift of 30 percent of any public improvement it may decide to under- (Continued On Page Two)

Statement From Roosevelt Rocks World Conference

Puts Conference Continuation Squarely Up To France And England

DEMANDS DROPPING OF CURRENCY ISSUE

Declares More Important Issues Are Faced By London Delegates

(International News Service)

President Roosevelt today rocked the world economic conference by issuance thru the American delegation of a statement he authorized refusal to enter into any temporary agreement for currency stabilization.

The statement put it squarely up to the British and French whether they cared to continue the conference, dropping the currency issue for the moment, and tackling other problems.

Its immediate effect was felt in a sharp decline in the American dollar on the European exchanges. Simultaneously Secretary of State Cordell Hull laid before the conference a resolution calling upon the powers for tariff reductions and elimination of drastic trade restrictions.

Reports reached the delegates that Premier MacDonald, presiding over the conference, had conveyed word to Secretary Hull that the United States must show a keener desire to cooperate.

This was interpreted as an at- (Continued On Page Two)

COAL INDUSTRY BALKS ON U. S. AGREEMENT

Coal Operators Reject Proposal Of Organization

Hugh S. Johnson, National Recovery Act Administrator May Take Measures

BIG COMPANIES HOLDING BACK

(International News Service) WASHINGTON, June 22.—The job of bringing the bituminous coal industry under the national recovery act has been undertaken personally by Hugh S. Johnson, administrator, it was revealed today.

The decision of Johnson to assume the task, an associate said, springs from the fact that all efforts to bring agreement in the coal industry in the past have failed.

Having already appealed to the operators to organize, fix minimum wages in cooperation with labor and limit hours of work, Johnson plans further conferences soon.

Proposals Rejected. Thus far the Pittsburgh Coal company, known as a Mellon company, and the Consolidated Coal company, known as a Rockefeller company—two of the largest in the field—have rejected proposals for organization of the industry.

Their opposition dates from the beginning of a fight for enactment of legislation by congress to bring order in the coal fields. It is said to be based partly upon a belief that cooperation under the recovery

act will open the door to complete unionization of the industry.

Assure Square Deal. While Johnson has assured labor unions of a square deal, he holds that unionization of the bituminous coal fields will not necessarily follow action under the recovery act.

Another stumbling block is said to be the decision of the supreme court upholding the formation of a gigantic selling agency by coal operators in several states in the bituminous field. This, some operators hold, offers the chance of combination to cure many of the industry's ills.

Some congressional advocates of concerted action by coal operators and labor have informed operators that unless they form a code of fair competition, President Roosevelt will be asked to invoke the licensing provisions of the law.

Would Use Power. The first proposal that President Roosevelt use the power given him under the industrial recovery act to limit imports was made today by Rep. Turpin (R) of Pennsylvania, whose district lies in the anthracite field.

Declaring that Russian imports are demoralizing the industry, he wrote a letter to the president asking embargo on imports he declared.

The president, however, cannot take this action until the industry is organized under the act and it is shown that imports are menacing the price increases sought by the legislation.

CONSIDER POSSIBLE USE OF GOVERNMENT FUNDS IN WORK HERE

(Continued From Page One) take. The federal bill affords numerous channels for the district to advance depression delayed projects. Assurance was given by the representatives in attendance that both city and county will push forward at once the preliminary public works investigations necessary to draft comprehensive data.

Practically every city and county project of note was mentioned as the conferees deliberated.

Reads Governor's Message. County Chairman Bennett of the relief organization read to the eight men assembled a letter from Governor Gifford Pinchot calling upon the local board to act immediately what projects it could undertake with federal help. Beyond the first gift of 30 percent, the government will grant loans at low interest rates.

Other communications, assuring state support to local projects, were reported.

Present with Dr. Bennett and Mayor Charles B. Mayne, the chairman of the work-project committee, were County Commissioner P. O. Eide, County Solicitor John P. Lockhart, City Solicitor Robert McK. White, Louis B. Round, committee member; City Engineer Harry Hoskins and Secretary A. W. Chilton of the Chamber of Commerce.

The meeting was held in Mr. Round's office at the Pennsylvania Power company building.

Lifting the hood, he found the bomb next to the motor, one wire attached to a spark plug and the other grounded to the frame of the car. He loosed the wires, placed the bomb in a pail of water, and notified the police.

Eaton, who has represented this district in congress since 1925, said he had no idea of who placed the bomb in his car. He had received no threats, he said.

EASTERN END OF STATE CONTINUES TO SIZZLE

(Continued From Page One) thermometer had raced up to 85 by 10:30 a. m. today with a high of 95 predicted before night.

Two deaths were recorded in Central Pennsylvania yesterday as the district sizzled in temperatures approaching the 100 mark.

George Kline, 58, stricken by the heat wave of two weeks ago, died in Bloomsburg hospital, and Thomas Berry, of Wilkes-Barre, was a heat victim at Williamsport while attending a Spanish-American War veterans gathering.

Although the showers brought a higher humidity, temperatures in Pittsburgh and vicinity were not expected to reach 90 today—in contrast to yesterday's high of 95, equaling a mark which had stood for June 21 for half a century.

Since Japan and China made a truce to stop a war that didn't exist, the continued slaughter may be just part of the peace terms.

Al Smith Given Harvard Degree

Honored At Commencement Exercises At Cambridge During Morning

(International News Service) CAMBRIDGE, Mass., June 22.—"Al" Smith, self-termed "graduate of Fulton fish market," amid the traditional pomp and splendor of the 297th Harvard university commencement, today received an honorary degree of doctor of laws.

"A master of state administration as shown by his record as governor of New York; a statesman with the courage to proclaim unpopular opinions in a time of trouble," was the citation of former Governor Alfred Emmanuel Smith by President A. Lawrence Lowell of Harvard, closing his career as a university head by bestowing 12 honorary degrees and 2148 degrees in course.

Andrew DeLaboulaye, French ambassador to the United States; Sir Ronald Charles Lindsay, British ambassador to the United States; Lewis William Douglas, director of the federal budget, and Governor Wilbur L. Cross of Connecticut, were in the group receiving honorary degrees.

"Al" Smith was the center of attraction at the exercises. He had put aside the cigar and the brown derby for dignity and topper.

Like the "happy warrior" of the 1928 presidential campaign the two ambassadors, the governor of Connecticut and the budget director were made doctors of laws.

Following the exercises, Mary Virginia Patterson presented a group of organ numbers. Among them were "Song of Gratitude" by Cole, "Meditation" by Sturges, Liebestrom by Tannhauser by Wagner.

After the adjournment the class and many of their friends went to the nurses' home adjoining the hospital where a reception was held. Dancing was in order until midnight.

The list of the graduates in the class of 1933 follows. In this list will be found the name of Miss Bertha Douglas, who was unable to be present at the graduation due to illness.

After completing her course, Miss Douglas was stricken with pleurisy the day before graduation and while her classmates were listening to their graduation address, she was confined to a bed in the hospital.

class of such size graduating," said he, "this is the fourth class to graduate from the Jameson Memorial hospital and the largest class in the history of either the Jameson or the Shenango Valley. Thus far there have been 62 graduated from the Jameson Memorial.

"After spending many years in hospital service one sometimes wonders if he should continue with the work, and then something inspiring like this splendid class comes along and the time and energy spent in the time and more than repaid. The only thing I am sorry about is that the founder of our wonderful hospital, David Jameson, is not here tonight to see for himself what work is being done.

Many Charity Patients. "We are fortunate in the Jameson Memorial hospital in the high quality of staff we have. Only through the remarkable cooperation of that staff has it been possible to continue the hospital as efficiently as it has. Like every other hospital there has been a shortage of money for 50 percent of the patients in the past year have been charity patients. This service has to be paid for.

"It would be an imposition on a night as warm as this to inflict a long speech upon an audience and I do not intend to do it. I wish to introduce at this time the young lady who is at the head of the nurses examination board in Harrisburg, Miss Elizabeth F. Miller."

Address To Graduates. "This is more than just another nurses' commencement exercise for me," said Miss Miller. "Just 30 years ago I stood with my class and was graduated as a registered nurse, and my emotions that night as I received my diploma were the same as yours are tonight.

"You have a wonderful community hospital here, and I have such faith in the community hospital. I have faith in the promise of the future for you young women. In olden times when knights set out for war, their friends gathered and gave them the stirrup cup to spur them on and bring them victory. We are offering you the stirrup cup tonight in good wishes and the diploma which you will take away with you.

"The statement has been made that the nursing profession is over crowded. The facts are that there are a number of unemployed nurses in the profession. There are numerous opportunities for the nurse who will follow the highest traditions of the profession, who will subjugate herself to the service of others, if she will be spiritually refreshed all the time and serve willingly."

Present Diplomas. Concluding her address Miss Miller read the pledge of Florence Nightingale to the class. Mrs. Julia Kemp Hrdina then presented the class to the president and Mr. Renz presented them with their diplomas.

Mrs. Hrdina placed their graduate pins upon their uniforms as they passed by with their diplomas. Rev. C. S. Joshua, pastor of the Croton M. E. church, pronounced the benediction.

Study Plans For Canal Project

U. S. Engineer Says Local Canal Project Is Under Consideration

RIVER WORK WILL BE STARTED SOON

(International News Service) PITTSBURGH, June 22.—Construction work on six river projects in the Pittsburgh district, to cost a total of \$8,000,000, will be started in the near future, Major W. D. Styer of the United States engineers office said today.

Plans are being rushed to completion on all of the projects. Funds have been appropriated by Congress.

In addition to completing plans for authorized projects the engineers are studying three other river improvement plans which have not been acted upon by Congress, Major Styer said.

Probably the first government job to be started in this district will be construction of Allegheny river dam number three at Cheswick, where a lock is now being built.

Other projects where work is expected to be started soon are construction of a new dam on the Ohio river at Montgomery Island near Industry, Pa.; extension of the guide wall at Monongahela dam number five at Freeport, and dredging near Kittanning at Mosgrove, Pa., on the Allegheny river and at Line Island on the Ohio river.

The three proposed jobs under consideration are the proposed Beaver-Mahoning valley canal to connect the Youngstown steel district with the Ohio river; extension of navigation up the Youghiogheny river to West Newton, Pa., and alternate plans for two low dams or a single high dam near Emmonston in the upper Allegheny river.

STABILIZATION IS SIDE-TRACKED AT LONDON PARLEY

(Continued From Page One) efforts to solve other economic problems, leaving stabilization completely out of the picture.

To Remove Barriers. GEOLOGICAL MUSEUM, LONDON, June 22.—The United States today attempted to put the world economic conference on record in favor of steadily decreasing tariff barriers and all sorts of artificial trade restrictions.

Secretary of State Cordell Hull, chief of the American delegation, introduced a resolution which was described as designed to lay the foundation for gradual reduction and removal of artificial barriers to trade.

It was introduced with the full backing of the American delegation "and in accordance with the wishes of the United States government."

This unanimity of support was clearly defined in presentation of the resolution.

The resolution read: "Whereas various nations have been constrained on one hand to impose restrictions upon imports in the nature of tariff quotas, embargoes and so forth and on the other stand to subsidize exports, and

"Whereas this tendency has resulted in activities in all nations which if carried to a logical conclusion will result in almost complete elimination of international trade and a return to medieval isolationism and,

"Whereas it is agreed that this tendency must be arrested if world recovery is to be achieved and a decent standard of living widely maintained, therefore be it resolved that the nations now participating in this conference agree:

"A.—That it is against common interest for a nation to adopt or continue a policy of extreme nationalism and to raise additional trade barriers and discriminations.

"B.—That embargoes, import quotas and other arbitrary restrictions should be removed completely as quickly as possible.

"C.—That tariff barriers should be reduced as quickly as possible by reciprocal bilateral agreements or by multilateral agreements to the point where trade once more will move in a free and normal manner.

"D.—That care should be taken in making bilateral or multilateral agreements not to introduce discriminatory features which while proving advantage to the contracting parties would react disadvantageously upon world trade as a whole.

The tariff reduction was worked out at recent sessions of the American delegation, and is designed to rectify the resolution of last Saturday which the delegation subsequently disavowed as the work of experts rather than delegates. The previous resolution called for a horizontal 10 per cent tariff cut.

Deaths of the Day

John Wesley Shaffer, aged 81, of Princeton, Slippery Rock township, died at 4:35 this morning in the Jameson Memorial hospital after an illness of four months.

Mr. Shaffer was born in Slippery Rock township, January 12, 1852, the son of Abraham and Martha Kildoo Shaffer and had lived all his life in the township. In his younger days he was a school teacher, and for the past twenty-eight years, since its inception, he has operated the Princeton telephone exchange. He was well known throughout the community and was held in the highest esteem. He was a member of the Oak Grove United Presbyterian church and the Odd Fellows.

Mis wife, Rosa H. Frew Shaffer, preceded him in death thirty-three years ago and a daughter, Elda, died fifteen years ago.

He is survived by two daughters, Mrs. Daisy Myers, Princeton, and Mrs. Martha Houk, Castlewood; three sons, Willard and Roy K. Shaffer, of Princeton, and Glenn Shaffer, of New Castle; nineteen grandchildren and two great grandchildren; a brother, Sylvester Shaffer, Walmo.

Funeral services will be held Saturday, June 24, at 1:30 p. m., E. S. T., from the residence in Princeton, and interment will be made in Hermon cemetery.

Anthony Moran.

Word has been received in the city of the death of Anthony Moran, son of Mr. and Mrs. P. J. Moran of Newell avenue, this city, at his home in Rochester on Tuesday, June 20.

He is survived by his parents and wife.

Funeral services will be held Friday at the home in Rochester and interment will be made there.

Mrs. Eversley Funeral.

Funeral services for Mrs. Grace Eversley, were held Wednesday afternoon from the home, 316 West Wabash avenue with Rev. W. W. Sniff pastor of the Madison avenue Christian church officiating.

Interment was made at Franklin Square cemetery in Ohio.

PLAN AMESITE FOR RAILROAD CROSSING

Director of streets S. W. Treser said today the P. & L. E. railroad company proposes to remove the plan and put in amesite at the railroad's crossing in South Jefferson street.

Director of Streets S. W. Treser said today that street employees are operating the scraper and roller in different dirt streets today. Other employees are removing weeds between the curb and sidewalks.

Severe Case of Acne over Entire Features. Cuticura Healed.

"I developed a severe case of acne. Gradually the trouble spread over my entire features until hardly a square inch of white skin was visible. I lost many hours of sleep due to the itching and burning which accompanied the trouble. The itching caused me to scratch the pimples, which proved disastrous as sore eruptions formed.

"This kept up over a period of three years until the timely and helpful treatment known as Cuticura Soap and Ointment brought relief, entirely healing and leaving me free from disfigurement in about two months. (Signed) Lewis E. Phillips, Jr., 322 Montgomery Ave., W. Pittston, Pa.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and mawk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. Go back up your stomach. You have a bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes about 600 cARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at all stores. ©1931 C. M. Co.

SLIPPERY ROCK BOY WEDS PITTSBURGH GIRL

Of interest to many in New Castle and surrounding vicinities is the announcement of the marriage of Miss Louise Katherine Koenig, daughter of Mrs. John William Koenig, Pittsburgh and Ross McKee Gill, son of Mr. and Mrs. Charles Gill, Slippery Rock, which was an event of June 10.

The couple are now on a wedding trip to Niagara Falls, New York, Philadelphia and other places. Upon their return they will be at the home of the groom's parents during the summer months, later returning to Pittsburgh.

Mr. and Mrs. Gill are both popular members of the faculty staff of Mt. Lebanon Junior High School, Pittsburgh, the former being an instructor of the mathematics department and the latter was a teacher of commercial subjects.

The bride is a graduate of Carnegie Tech and the groom received his diploma from Slippery Rock State Teachers College in '28 and is studying at the University of Pittsburgh for his Masters degree.

On Tuesday, June 27 there will be an informal reception held at the Gill residence in Slippery Rock honoring the newlyweds.

W. M. L. H. Club.

Members of the W. M. L. H. club were entertained Wednesday evening at the home of Erma Ray on Hillcrest avenue. Sewing, chat and other diversions filled in the hours and at a fitting time lunch was served. The hostess was assisted by Irene Perry, Hilda Mackey and Freda Ungar with the menu.

Special guests who participated included Sarah Pattison and Martha Garrin, both of this city.

Plans were made for a picnic dinner to be held this evening, and in two weeks Ethel Ober of Lathrop street will entertain at the regular meeting.

Easy Aces Club Guests

The Easy Aces Club members met Wednesday evening at the home of Miss Hanna Richards on Winter avenue when she entertained in the form of a porch party. Cards featured the early hours with lovely prizes going to Mrs. Anna Hamilton and Mrs. Louise Stowell.

Mrs. Grace Skelton was a special guest of the occasion. At the close of the contest refreshments were served.

In two weeks Mrs. Stowell of Fern street will entertain.

STERRETT-MILLER MARRIAGE PERFORMED

A simple but impressive home wedding of interest locally was performed at high noon on Wednesday June 21 when Miss Elizabeth L. Sterrett of this city and Herbert M. Miller of Elyria, O. were united in marriage at the home of Mr. and Mrs. Carl E. Paisley, on Park avenue. Rev. Walter E. McClure, pastor of the First Presbyterian church officiated in the presence of immediate relatives and friends to the number of ten.

After a reception period when a delicious lunch was served by the hosts carried out in nuptial appointments the couple motored to their home at 414 West Sixth street, Elyria, Ohio.

Those in attendance from out of town included Mr. and Mrs. Charles Colby of Erie, Mr. and Mrs. Dean E. Gray, of Pittsburgh and W. A. Steadman of Butler.

F. T. A. MEMBERS MEET AT COEN RESIDENCE

Mrs. Anna Rowland was a special guest of the F. T. A. club members Wednesday evening at the home of Mrs. Frank Coen on Edgewood avenue who entertained in a delightful manner.

The early hours were devoted to cards, lovely trophies for honor scores being captured by Mrs. Walter Hemphill and Mrs. Edward Vandergift.

In bringing the occasion to a close the hostess assisted by Mrs. Vandergift served a very delicious lunch.

In two weeks Mrs. Lewis Dean of Arlington avenue will have the members.

Tri-Quad Bridge Club

Miss Marjorie Milholland of Winter avenue extended hospitality to members of the Tri-Quad Bridge Club at her home Wednesday evening. The Misses Mae Cummings and Barbara Bratschle participated as special guests.

Cards whirled away the hours and at conclusion of play trophies were awarded to Geraldine McGlelland and Virginia Hickok for honor scores.

In serving a dainty repast at the beautifully appointed dining room table the hostess was assisted by her sister Elizabeth.

Miss Alice Mitchell of Leasure avenue will entertain in two weeks at her residence.

Campaign Club Lecturer

This evening at the New Castle hospital members of the 1929 Campaign Club will assemble at 8 o'clock at which time they will hear a lecture on "Health and Natural Foods" given by R. A. Blacka. Husbands and friends of the members will share this occasion as special guests.

BARTLEY-SIMPSON NUPTIALS WEDNESDAY

Mr. and Mrs. C. R. Bartley, of 214 Garfield avenue announce the marriage of their daughter Kathryn Jayne Bartley, to Oliver Wittfield Simpson, son of Mr. and Mrs. J. W. Simpson, of Warren, O., which took place Wednesday in Sharon.

Rev. A. J. Hill, uncle of the groom performed the ceremony and the young couple was attended by Miss Hazel G. Fisher and Stanley N. Lutz, of this city.

Returning to the home of the bride's parents here, a wedding dinner was served, the immediate families being guests. The long dining table was centered with a large white cake, and the appointments and decorations of the home were carried out in green and white.

They left last evening for a motor trip which will include Cleveland and other points, following which they will be at home at 15 Grand Boulevard, Binghamton, N. Y. Mr. Simpson is employed as an auditor with the Associated Gas and Electric Co. at Binghamton.

Mrs. Simpson graduated from New Castle high school in the class of 1929 and has been employed with the Bell Telephone Company since that time.

BERKMAH CLUB HONORS MEMBER

The Berkmaah Bridge Club members assembled in the home of Muriel Edmunds on Lincoln avenue on Wednesday evening. Special guests included Mrs. Ruth Shotts, of Youngstown, O., formerly of New Castle, Della Vaughn, Kathryn Hodge, Ruth Fenton and Ruth MacDonald.

Cards furnished pleasant pastime, and prizes were awarded to Martha Rose and Martha Lloyd for holding honor scores at the close of play. The latter, a bride-elect was agreeably surprised when the club presented her with a handsome wedding gift and she also received a number of miscellaneous remembrances at this time from other in attendance.

A delicious lunch was served by the hostess at a table carried out in nuptial suggestions with green and white, tones predominating. Miss MacDonald assisted throughout the evening.

Plans were formulated for a breakfast to be held at Cascade Park on Sunday morning marking a special event on their calendar.

Armstrong Reunion

Approximately eighty descendants of David Armstrong held their annual reunion Tuesday, June 20, at the home of Thomas McCune of Plaingrove, and the officers re-elected for the next year were: president, Archie Armstrong, of Grove City and secretary-treasurer, Mrs. June Moyer of Sharon.

Miss Rose McNeese of Butler served as program chairman for the day. Elmer Armstrong of Dormont gave much information proving accurate records of the family for the past six hundred years. The family name was originally Fairvane until changed to Armstrong by the King of England.

Others who spoke were Thomas C. Armstrong of New Castle, Mr. and Mrs. Walter Breckenridge, of Yuma, Colo., Thomas McCune, Plaingrove; Frances Baker of Plaingrove, Hilda Hess of New Castle, Miss Mary McNeese, Butler, William Armstrong, Youngstown, Ohio, Robert Hamilton of Pittsburgh, Mrs. Frank W. James, Oil City, Maude Armstrong, Bellevue, Mrs. Mary McBride Beisel, New Castle, Fred Hays of Pittsburgh and Robert Reed McBride of Warren, O.

The oldest member present was Mrs. Mary Ann Adams of New Castle who is 93 and the youngest, Paul Dight of Plaingrove, who is 2.

Mrs. Thomas C. Armstrong of New Castle was elected chairman of the table committee. Guests were present from Volant, Slippery Rock, Forestville, and Ellwood City.

Unit Party.

The rock garden of the B. I. French home, 408 Moody avenue, was a striking background for the small tables which had been arranged in the flower garden Tuesday evening when the members of the Wilmington avenue unit of the Guild of the Epworth Methodist church entertained.

Garden flowers were used on the small tables at which refreshments were served, and the evening hours were spent in a social manner.

Players Have Picnic

The Epworth Players had a picnic outing Tuesday evening and at 6:30 members of the group sat down to a delicious dinner in the grove at Cascade Park. Bill Lewis and Grace Stitzinger were in charge of the arrangements.

When dinner was over the group enjoyed a dip in the pool and then the amusements of the park furnished diversion for the remaining hours.

Forbes-Sweezy Reunion.

The annual Forbes-Sweezy reunion scheduled for this week, has been postponed to Wednesday, June 28, when it will be held at the Robert Bell grove on the West Middlesex road.

AFTERNOON TEA BRILLIANT EVENT

One of the pretty social events of the week was the luncheon Wednesday afternoon in the parlors of the First United Presbyterian church at which time the members of the Ladies' Association acted as hostesses for over two hundred women.

The gardens of the members yielded their best blooms to be artistically arranged about the rooms and in addition to the profusion of many colored flowers placed in baskets about the rooms, each of the fifty small tables was centered with a bud vase containing a choice rose.

Following the serving of a delicious menu the women were royally entertained with music and readings. Miss Helen Ewing, opened the program with a piano number "Etude in D Flat" by Liszt; after which Mrs. Alva Shumaker, in her inimitable manner read "A Plaint of Complexity" by Eunice Lettens and a humorous number "For Goodness' Sake"; Jean Louise Wright played two piano numbers: "Hunting Song" by Dartholdy and "Turkish Rondo" by Mozart.

Miss Pearl Hutchison delighted the audience with two humorous readings; and the duet, "Minuet" from Beethoven, played by Isabel Mitchell and Roberta Elder, added greatly to the entertainment of the afternoon.

Elaine Bollard, accompanied by Miss Ewing, sang "Alice Blue Gown" and "Sweet and Low". Little Katherine Ann Johnson gave a group of readings, that were enthusiastically received and the program closed with Miss Ewing playing "Sparks" by Moskowski.

Mrs. Clyde Lockhart was in charge of the program arrangements.

RAINBOW GIRLS FIRST INITIATION WEDNESDAY

Last night the Rainbow Order for Girls, New Castle Assembly No. 1, put on their ritualistic work before an appreciative audience at the Cathedral, Lincoln avenue. Their marches were especially noteworthy and a program of lovely music added to the impressiveness of the occasion. Miss Elizabeth Harvard was guest soloist who rendered two selections most exquisitely. Miss Viola Dufford accompanied her at the piano.

A gratifying number of past worthy advisors were present as well as a large representation of interested folks from New Castle and out of town.

J. F. F. CLUB PLANS PICNIC OUTING

Bridge featured the meeting of the J. F. F. club members held Wednesday evening at the home of Elizabeth McGowan on Lyndal street. Prizes were presented to Jean Harris and Mary Sullivan at the close of play.

During a brief business period plans were completed for a picnic outing to be held on June 30 at the McNutt cottage located at Lake-wood, a special event of the season.

Lunch was served by the hostess assisted by her sisters, Margaret and Ellen McGowan at the close of the evening. Plans were made for two guests, Mrs. Harold McCartney, Miss Anastasia L. Barnes and Club associates.

Pelstring-Frel.

Friends here will be interested in the announcement that Miss Marcelle Kathryn Pelstring, daughter of Mr. and Mrs. Lewis A. Pelstring of Yeadon, Delaware county, Pa., and Francis Julius Frel of that same district will be united in marriage Friday, June 23, at 4 p. m. in St. Louis church, West Cobb's Creek boulevard, Yeadon, Pa. Miss Pelstring will be remembered as one of the first dental hygienists in the schools of Lawrence county, functioning through the auspices of the Junior Red Cross in 1924-1925. She is a graduate of the University and here immediately after completing her studies in her chosen profession in that institution and has many friends in this city.

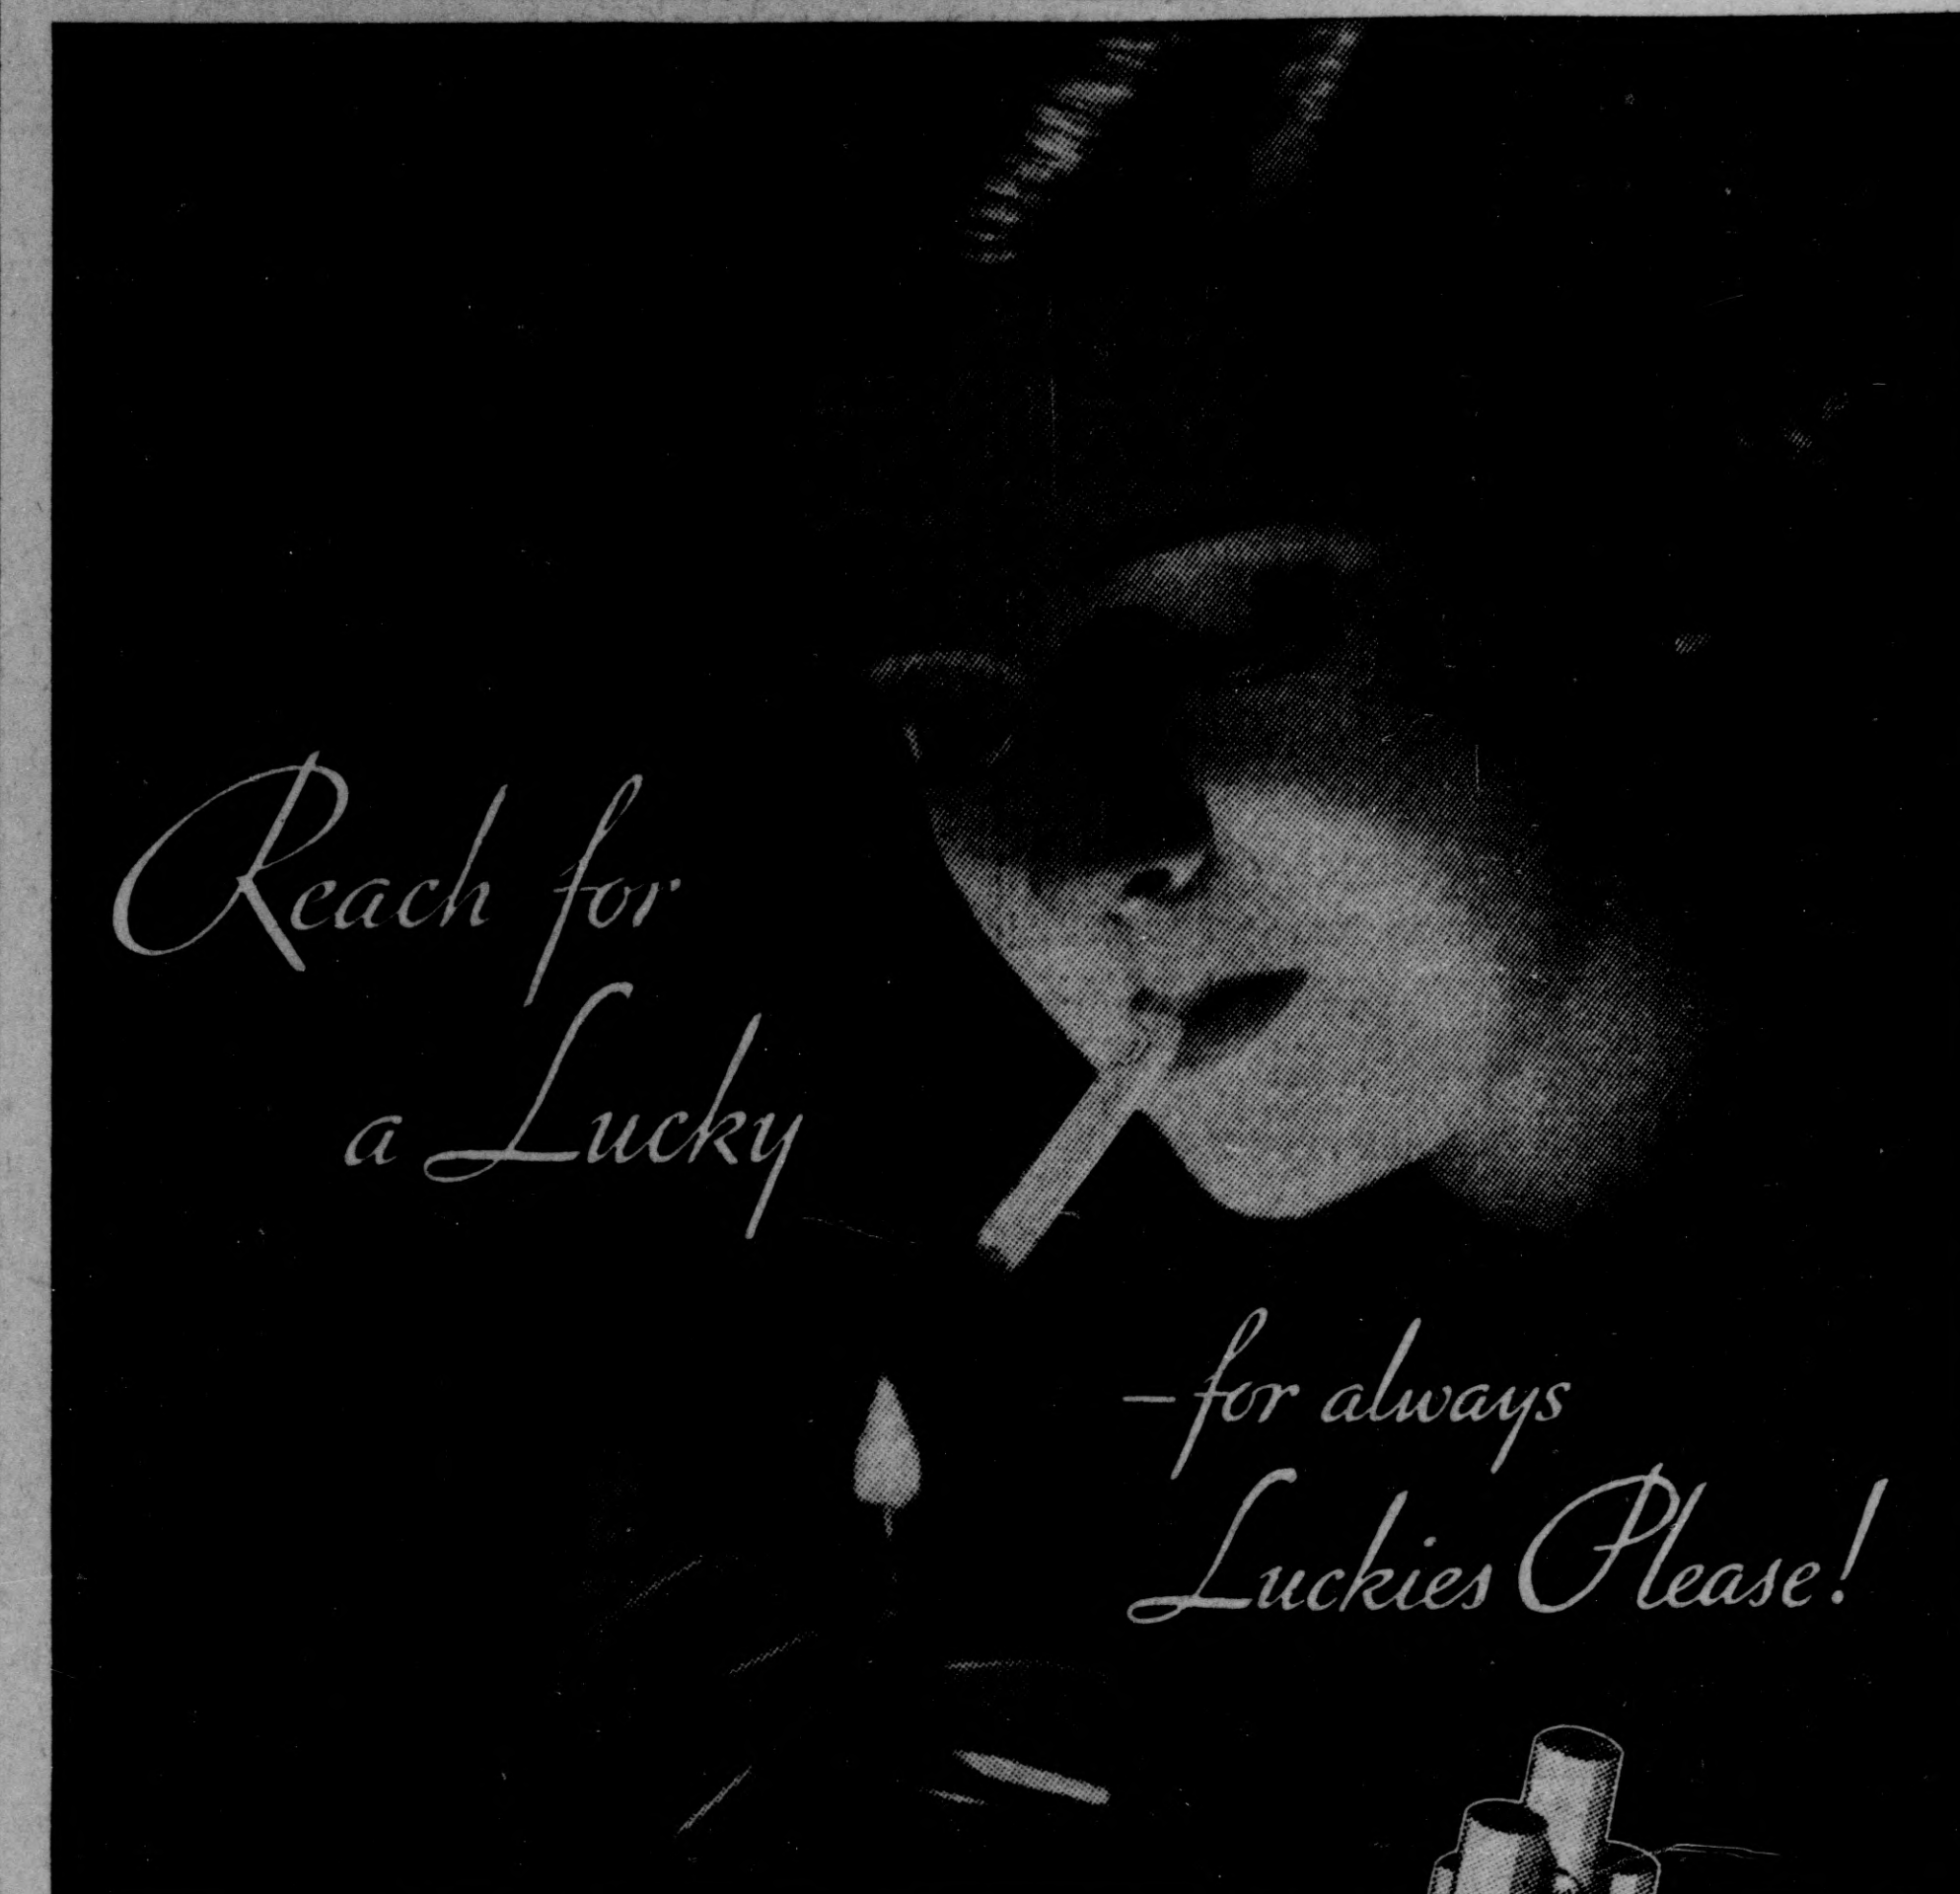

Luncheon For Section
Mrs. Albert Hillborn, 510 Reis St. entertained the women of Section Three of the First Christian church at a beautifully appointed one o'clock luncheon in her home Wednesday, a profusion of flowers adding beauty to the tables about which places for twenty three were arranged.

The July meeting will be in the form of a picnic.

Section Luncheon
Section One of the First Christian church held the monthly get-together luncheon Wednesday at one o'clock in the church and a social afternoon followed the serving of a delicious menu.

Plans were made for the July 12 get together which will be held at the home of Mrs. Carl Johnson, Leasure avenue.

Sisterhood to Meet
The last meeting of the season for the Beth Shalom Sisterhood will be held this evening at 8 o'clock at the home of Mrs. A. Fisher, Moody avenue.

Why shouldn't I say nice things about Luckies?

I must confess that I enjoy smoking more and more. Maybe it's because I started with a cigarette that suits me right. Luckies are so very mild. I like the fine taste of their tobaccos—and because I'm so sensitive to personal daintiness—for, after all, my cigarette touches my lips—I particularly welcome the added assurance of pur-

ity which "Toasting" affords. Whenever I hear comments about cigarettes—I always say, "But Luckies are different." And then I would say some nice things about "Toasting". To hear me you'd think that I discovered "Toasting"—but that's just my way. I like to root for things that please me. And certainly—"Luckies Please!"

WIMODAUSIS CLUB PICNIC AT CASCADE

The annual Wimodausis picnic was held at Cascade Park Wednesday afternoon under the supervision of the general chairman, Mrs. Bertha Koonce, and there were about two hundred members and friends in attendance.

A most palatable luncheon was served at the noon hour, and the tables were beautifully arranged with flowers from the gardens of the members, under the supervision of Mrs. Margaret Fulkerson and her aides.

When lunch was over Mrs. Mollie Crowl and her capable crew of aides took charge of the sports program, and there were games of an amusing nature for the children as well as the grown ups.

The group was entertained by Miss Margaret Preston and William Felcher with vocal numbers; Mrs. Margaret Whieldon added her bit by readings and Michael Caruso and his violin were greatly appreciated.

School Banquet

The Sunday School of the Bethany Lutheran church has engaged in a friendly attendance contest during the past few weeks and the culmination of the event will be held Friday evening in the form of a banquet in the church at 6:30.

A splendid program will feature the after dinner hours.

W. F. M. S. Picnic

The Women's Foreign Missionary Society of the First Methodist

church will have a picnic at the home of Mr. and Mrs. S. R. Huey, Wilmington road, Friday evening.

Dinner will be served at six o'clock. The annual mite box opening program will be held during the evening.

Cooling refreshments were served by the hostesses.

Surprise On Teacher

Mrs. Ira Landis was pleasantly surprised Wednesday evening in the home of her mother, Mrs. N. M. Joseph, Winter avenue, when sixteen members of her Sunday school class of the First Baptist church assembled to aid her in celebrating her birthday.

Games, music and a general good time featured the evening and the

honored one was presented with a shower of lovely linen gifts and then the group went to the dining room, where a large birthday cake centered the table and refreshments were served by Genevieve McCalmont, Helen Muse, Marjory Pattison and Donna Van Horn. The girls carried out a pretty color scheme in pastel shades.

Misses Peggy and Betty Landis and Donna Van Horn were special guests.

Reunion Postponed.
The annual Schweikert reunion, scheduled for July 4, has been postponed indefinitely on account of illness in the family.

RELIEF PROJECTS TO BE RESUMED

CITY councilmen, the mayor, county commissioners, and the county and state relief board members who reached a successful adjustment of the controversy over relief work in New Castle, are to be commended.

It is a matter of gratification that these officials have reached a quick compromise on a matter that threatened to be needlessly serious.

With the work resumed on relief projects on Monday on a temporary basis for a month, there is every reason to believe that a permanent agreement will be reached in the meantime whereby the work can continue uninterrupted.

Officials have demonstrated that they are alert to their responsibilities in their speedy settlement of this difficulty that caused a halt in relief work.

NEW INDUSTRY GROWS

Although air-conditioning is a young industry, it is growing at a rate which promises soon, according to engineers, to place it in a position of major prominence.

Its field is almost unlimited. It is being heard of chiefly now in relation to trains. Air-cooled coaches are taking the place of hot, stuffy cars that made train riding in the summer months an ordeal. The latest equipment gives the coaches a cool temperature when the mercury outside may be boiling.

But its use is by no means limited to trains. Dwellings, hotels and factories are included in the field of its use. A good many homes in several of the larger cities already have been equipped with air-cooling apparatus. It was reported at the recent meeting in Chicago of the Edison Electric Institute, and factories and mills are having installations made. The sales manager for a big electric company in St. Louis predicted that as air-conditioning for the home is pushed more vigorously by the power companies it bids fair to be the "next major development in the industry which would compare with electric refrigeration, radio and the automobile industry."

From the standpoint of business recovery as well as that of personal comfort, air-conditioning offers great possibilities.

HURRY THE WORK

The world wants action, one way or another, on the great problems before the world economic conference.

It is in a mood somewhat similar to that of Americans at the time President Roosevelt entered office. It wants to see something concrete done in an effort to get things moving on a world-wide scale. It is little interested in gestures and oratory. If nothing substantial can be achieved then it would like to see the conference adjourn without unnecessary delay, in order that the individual nations might attack their own problems from a new direction.

Chairman Cox of the monetary commission apparently recognizes this and is doing his bit to get the machinery of the conference to moving. His "Gentlemen, let's get down to work," at the opening of the commission's first session, ought to be applied to the entire gathering. Enough time already has been given to general oratory. It was necessary, in the interest of precedent at least, for a certain amount of speech-making to be had at the outset. Nearly a week was consumed with formalities, none of which will have any direct effect upon the results of the conference.

It is in committees, and in private conversations between and among individual delegates, that most of the real work will be done. The monetary commission is one of the most important groups in the conference. That is buckling down to its task and other committees are moving in the same direction which constitute an encouraging feature of the deliberations.

Most international conferences are ponderous, slow-moving bodies, attaching little importance to time but a great deal to oratory. They may devote weeks and months to discussion and then adjourn, with nothing of practical benefit accomplished.

It is to be hoped the London meeting will set a precedent by doing its work in a comparatively short time and quitting. Should important agreements be reached, the value of these will be increased if they are arrived at promptly. Even failure will not seem so disastrous if a lot of time is not wasted before this is admitted.

MARTIAL LAW IN GEORGIA CAPITAL

Governor Talmadge's action in placing the state capital at Atlanta under martial law may represent a modern political trend which deserves to be watched carefully. During the governor's absence from Georgia the highway board had tied up by civil court action the \$2,500,000 in road funds which he had previously impounded. His response was the proclamation of martial law and the removal of a member of the highway board.

The use of troops in this case to combat a civil procedure appears considerably different from the use of troops in Oklahoma two years ago to enforce the stoppage of oil wells in accord with proration understandings. Governor Alfalfa Bill Murray was not defying the courts; for he said that his proclamation could be lifted by order of the President of the United States or the Supreme Court. Later the Supreme Court vindicated him to the extent of declaring valid the laws under which Oklahoma was attempting to restrict oil production and to raise the price level. Thus Murray was upholding the law by armed force.

A tradition of American democracy makes the use of the soldiers unpopular except in emergencies threatening the public safety. The average citizen feels that the enforcement of law ought to be accomplished by methods less drastic than the point of a bayonet. The founders of the Republic had seen usurpers and tyrants rise to domination through control of the army. It is common today in South America. But abuse of the military power was less feared here. The system of checks and balances seemed to reasonable assurance against it.

Certainly if an executive can summon the troops to thwart the will of the courts, he can summon troops to enforce political decrees. The danger of a "dictator" who temporarily exercises delegated legislative rights, always revocable upon sufficient vote, is far less menacing than the "dictator" who imposes his will through command of the National Guard.—Philadelphia Inquirer.

My most frequent boast is that "I never catch a cold." . . . I see nothing in that to be proud of. I have nothing to do with it. It just happened. But it is my most frequent boast.

I know a man who frankly says his wife makes all the important decisions in his home. . . . But it isn't true. His wife told me so.

When a salesman persists in trying to sell me something I don't want, it makes me angry. . . . And I don't like being made angry, because when I lose my temper I'm ashamed and I don't like being ashamed.

When the stores are having sales I don't want anything. When I want something there aren't any sales.

I never have any luck. I've never been in a bad automobile accident, nor in a train wreck, nor on a boat that collided with another. . . . I was in a war, but that doesn't count.

Why do I keep up my accident and health insurance? . . . I may live forever.

The most pitifully upsetting things, when you are riding in the country, is to see a little dead dog lying beside the road.

One of my beliefs is that I have an excellent sense of direction. . . . I have been assured, however, that it is merely one of my illusions.

I stopped collecting birds' eggs when three of them broke in my mouth as I shinned down a tree.

A good life, you may agree, is made out of many little things.

YOUR JUDGMENT
Aren't you arbitrary in many matters when through stubbornness than in support of strong conviction?

You wish to be known as a man of ideas back of which you are not afraid to stand.

Even though you are opposed by every other man in the crowd, although you cannot be classed as a superior, you "will not yield an inch to any man," in the stand which you may have taken.

You are willing to put your judgment up as against all who oppose you.

This position appeals to you as showing unusually good sense. Men who have been equally successful in their lives of business, as you have been in yours, ought to have the credit for as good business acumen as you claim, surely.

Naturally if your decided stands are taken in regard to your own business it is admitted that you have a perfect right to believe that your judgment is superior to that of others engaged in other lines.

But when you are debating a matter in which each has equal knowledge, why should you think your gray matter better than the others?

GRATIS
Money isn't needed to enjoy a flowering tree;

The beauty of landscape for every man is free.

And who beholds a garden, though merely passing by.

Has a right to share its splendor, which its owner can't deny.

A man may tramp the woodlands as if they were his own.

About the joys of nature no grudge some walls are thrown;

And if he's fond of dreaming where fretful cares are lost,

A river bank awaits him at very little cost.

Some money's necessary—of that there is no doubt.

A man must pay for foodstuffs to keep his body stout.

But lasting joys are gratis; who turns his eyes to see

The glory of the sunrise will not be charged a fee.

Good books there are for reading, good friends there are for play.

Earth offers countless pleasures for which we need not pay.

With very little money, despite the pain and strife,

A man can grow in wisdom and lead a happy life.

Forest Work Brings Credit To Army As Efficient Force

Unprecedented Task Organized With Speed, Says Public, And Provision Made For Great Number Of Unemployed Citizens

Credit is given to the United States Army for the efficiency with which it has organized the Civilian Conservation Corps and engaged in the forestry project that provides work for large numbers of persons who were unemployed. The enterprise is unprecedented, according to comments, and involves tremendous responsibility, which, it is declared, has been undertaken as just a part of the day's work by the military establishment.

"In time of peace," says the CINCINNATI TIMES-STAR, "the American Army is just a big emergency relief organization, providing guards, airplanes, trucks, tentage, coats and supplies for districts visited by storm, flood, earthquake, fires. It does practical service on a broad scale to humanitarian causes. Now it is at work on something new and yet quite in line with its usual peacetime tasks. At its camps it is conditioning 250,000 young men for the President's Civilian Conservation Corps which is to work in the nation's public forests. Not all of these young men have yet presented themselves, for the law forbids bringing any pressure upon them, but so far as they have appeared, the Army has fed, clothed and equipped them, and regular officers and privates have discharged with skill and speed the task of conditioning them. Nobody else in the country could have accomplished or even tackled the job. With the American Army it is just another day's work."

"The plan to enlist forestry recruits for the Conservation Corps is a splendid thing," comments the PASADENA STAR-NEWS. "It is a small wage for those who go out in the woods to work, but it will be a very commendable moralizing influence. Army discipline will be maintained in the camps and the men will be required to keep themselves physically and morally clean. The effect would be to deter many men, at least the young men—from yielding to temptation and start upon careers of vice and crime. This is one of the most wholesome unemployment projects yet devised by the national government."

The effect of the formation of the Conservation Corps on the Army personnel is discussed by several newspapers. THE PHILADELPHIA PUBLIC LEDGER, taking into account the plans for both forestry and military training camps, voices the opinion: "After all the threats against the military establishment, it is satisfying to hear Secretary Dern announce that the military training camps will be held this summer with only slight changes from former years. The reserve officers will be in camp only four weeks instead of the usual six, and the contingents at the citizens camps will be limited to those who have had the basic course. These changes are minor. They will mean a slight saving in the War Department budget, but they will maintain intact the training program. How important that is has been demonstrated by the strain put on the service by the Civilian Conservation Corps. To handle the forest recruits, it has been necessary to detail 4,000 regular Army officers and men on 400 reserve officers as well. With such measures necessary to give the mere rudiments of discipline and organization to an army of 250,000 volunteers, how much greater would be the strain if a combat army were necessarily called into being on short notice? By all means, the training camps which sweep across the country should be continued, and Secretary Dern and the administration acted wisely in decreasing no measurable cuts in this program."

"Welcome news" is found by the KANSAS CITY STAR in the announcement that Army personnel will be maintained, and the paper continues: "The Civilian Conservation Corps was established, it was decided to call out a sufficient number of reserve officers for active duty on reforestation and other works. At the same time it was contemplated to furlough the regular officers. No economy could be accomplished by paying reserve officers for active duty when the regular army officers could be used for the same purposes. And there was no economy in discharging soldiers whose base pay is \$17.50 a month when thousands were being enrolled in the Conservation Corps at \$30 a month. In the face of world conditions and until the Disarmament Conference demonstrates that a reduction in land forces can be accomplished, it would be unwise to discard the services of several thousand men who have given years of their lives to the United States, expecting that the conditions of retirement in old age would be met as they prevailed when they entered the Army."

"There are the finest tribute that can be paid to our military men for the magnificent way in which they are carrying through the big job is simply to say that the Army is the only institution in the country capable of handling so many thousands of men in such short order without confusion, without delay, without extravagance and without drumming discipline, combined with quiet, efficient efficiency, may accomplish, in an amazingly short time."

Prediction that a demand will be created for forestry graduates is made by the SAN ANTONIO EX-PLORER, and the LOUISVILLE COURIER-JOURNAL, taking an example from its own State, sees the creation of a future for timber workers through the activities of the Conservation Corps.

"Contrasting this form of circulation with papers issues of the Government during the Revolution, the Continental Congress issued bills which were receivable for taxes. The thirteen colonies were pledged to redeem these bills, and as their credit began to fail, Congress declared that whoever should refuse to receive this paper as gold and silver should be deemed an enemy to the liberties of the United States. But interest was stronger than patriotism, and as the amount increased, its value went rapidly down until, at last, the sum total having reached two hundred and fifty millions, it became so utterly worthless, about the year 1780, that it ceased to circulate. Austria, Russia, France and England tried the same experiment and there is not a single example on record of the power of creating money out of cheap materials having been exercised by a sovereign state for any length of time or through any season of public difficulty, without having been abused by overissues."

Zoning Appeal Board To Hear Case On Tuesday

Boyd Dairy Company Is Ap-
pealing From Decision Of
City Engineer

An indication of returning normal business times was indicated today, when Matthew Gunton, chairman of the board of zoning appeals, announced that the board would sit in regular session next Tuesday, June 27, at 3:30 p. m. in the city council chamber, for the consideration of the first major appeal in approximately two years. In that period of time there have been a couple of minor cases, which were not deemed of enough importance to give any publicity.

The hearing in this instance will be that on the appeal of the Boyd Dairy Company from the action of the city engineer, in refusing a permit to erect an extension to the place of business of the company at 1055 Adams street.

The permit was refused on the basis of the zoning ordinance of the city, which prohibits the construction of any structure as an enlargement to another structure in a residence district, where it is for a non-conforming use.

THE NEW "HIGH-MILEAGE" MOTOR OIL

TO MAKE THIS TEST, WE BOR-
ROWED 6 CARS—both new and
old. Leading 25c oils were tested
against Gulf-lube in each car.
Gulf-lube stood up 28½% longer be-
fore a quart of oil had to be added!

GULF-LUBE

...shows 28½% more miles per quart
in daring Speedway test by A.A.A.*

Never has America seen
an oil as good as this
for 25 cents a quart

WHEN we told A.A.A. officials we wanted to make this
test, their eyes widened—"That takes nerve!" they said.
But we made it!

Six borrowed cars—old cars, new cars—were placed upon the
famous Indianapolis speedway.

One after another each car tested leading brands of 25c motor
oils—and each car brought in the verdict "Gulf-lube stands up
better!"

Look at these figures. For example...

With oil "B" in its crankcase, one car traveled only 152 miles
before needing a quart of oil. With Gulf-lube, that same car went

235 miles before the oil level dropped a quart... over 50%
more miles!

Car No. 2—consumed oil "C" at the rate of a quart every
652 miles. With Gulf-lube, consumption dropped to one quart
every 1447 miles. What a difference!

For four days, 12 hours a day, the tests went on—checked by
representatives of the Contest Board of the
American Automobile Association. Then
all the figures were averaged, and here was
the amazing result—Gulf-lube cut the oil
costs on these cars 28½%—over a fourth!

Better lubrication for less money!

Switch to Gulf-lube today. You will save
money 2 ways. First, you'll use less oil!
Second, you'll spend less for repairs. Try
it! Buy Gulf-lube at any Gulf station. It's the finest motor oil
a quarter ever bought.

May Grade Road To McConnell's Mills

Among the plans for relief work projects being discussed by the county commissioners is one for improving the road leading from the Rose Point-Portersville road to McConnell's mills. This road, which takes off a short distance east of the Rose Point bridge, is narrow and rough. It could be widened and rounded up so that it would be much easier to reach the mills, where the scenic beauties are unsurpassed in this part of the state.

STROUSS-HIRSBERG EMPLOYEES PICNIC

A social event was held Wednesday evening at Cascade Park in the form of a hamburger fry for employees of the Strouss-Hirshberg Company with a good number in attendance. The occasion was in progress at 6:30 o'clock, with the serving of a tempting menu at tables in the picnic grove.

Later swimming was enjoyed in the Cascade Park pool and dancing at the pavilion concluded the entertainment.

Misses Ina Simons and Lillian Lach comprised the committee responsible for the success of the evening.

LADIES SEW WEDNESDAY AT JAMESON HOSPITAL

A good representation of the ladies of Third U. P. church marked the weekly sewing session held at the Jameson Memorial hospital Wednesday morning when they with other women in the city shared their services.

The hours were from 9 until 12 o'clock and by noon a good amount of work has been completed.

Attend Warren, O., Shower.

On a recent evening Mrs. R. G. McCartney, Mrs. LeRoy Johnston, Mrs. Harold McCartney and Miss Evelyn McCartney, all of this city, motored to Warren, O., where they were guests of Mrs. William Cain, who entertained at a surprise shower in honor of Mrs. James Kidwell of Cleveland, near Virginia Stenger, formerly of New Castle.

Fourteen were in attendance and the hours were passed away with cards and other diversions with the serving of lunch following.

On July 2 Mr. and Mrs. Kidwell will leave for Chicago, Ill., where they will visit the world's fair. They plan on returning to Cleveland in about two weeks.

Wednesday Quilting Club

Mrs. Walter Walde of Clayton street charmingly received the Wednesday Quilting Club members in her home yesterday. Dinner was served at noon by the hostess and quilting featured the remaining hours, the ladies being seated about the lawn. A short business discussion was held and plans suggested for future activities.

Special guests were Mrs. John Bevans, Mrs. C. C. Bevans, the latter of Steubenville, O., and Mrs. Ray Horsman of Slippery Rock.

Mrs. Evans was presented with the club prize.

On July 19 the club will gather at Cottage Grove for a tureen dinner.

Units to Meet.

Units 3 and 4, headed by Mrs. Jesse Hinkson and Mrs. E. A. Cook of the Croton church guild will meet this evening at the home of Mrs. E. A. Cook, Croton avenue.

SCOUTS MEET OUTDOORS

Highland Scout Troop V-18 held their weekly meeting at the Highland church on the lawn. Twenty-two scouts were present. Assistant Scoutmaster Miles and Orr, Scoutmaster Davis and Troop committee Pearce, Merriettes, Welsh, Felt, and Sproul were present. Scouts T. L. May and Howard Gates have returned to New Castle for the summer and will participate with the troop's summer activities.

Plans for the summer activities were discussed and the troop will spend the last two weeks in July at Camp John M. Phillips. There will be a number of scouts in this troop at the next court of honor to be held at camp. The scoutmaster congratulated the camporee team on the showing they made over the week end in the camporee contest.

The next meeting will be held in the open but the place has not been designated as yet. There is room for three more boys in this troop.

After the regular scout meeting, the chairman of the troop committee, Harry Pearce, held a meeting and definite plans for the camping of this troop were discussed. Reports were made of recent activities of the troop and were approved by the committee. The next meeting of the troop committee will be held at the Boy Scout Camp, in July.

County Welfare Officer M. B. Hogue's office, Court street, has been paring down the county's relief rolls "at the rate of about four or five families each day," a criterion that points to a more significant reduction as a result of industrial improvement throughout the county.

"I feel that within a month's time we'll be reducing the lists at a greater rate," was Director Hogue's optimistic way of summarizing things.

New Castle's tin mill activity has been the predominating factor in lightening the relief calls, although at Wampum, Hillsville and other parts of the county numerous plant resurrections or improvements have helped notably in easing the county burden.

With greater activity in the coal mine district of Brent, Director Hogue said calls for aid in that section have decreased. The mines, he reported, are operating more steadily.

New cases are being added occasionally but the number of these has dropped sharply.

County authorities believe continued industrial improvement will reflect promptly in the records of the welfare office.

Plan For Safer Future Industry

Committee Of Recognized Business And Industrial Leaders Will Study Plans

Outstanding Economists Will Consult With Committee About Definite Costs

(International News Service)

WASHINGTON June 22—Plans for a safer future industry thru a long range economic planning program in which the department of commerce will work with a committee of recognized business leaders and economists were described by Secretary of Commerce Roper Wednesday.

The first meeting will be held June 26. Secretary Roper said he looked to these practical business leaders to guide him in gearing the services of his department to the needs of business during the emergency period, with a view to the normal activities later.

The committee, none of whom were selected by the secretary, may consult outstanding economists who will advise what services the department may render. One of the principal objects is the development of long range studies, which will serve to guide the business men of the country over a given period of time.

Fine Personnel
The personnel of the committee, all of whom were recommended by a small group of business leaders, reads like a directory of the business brains of the country. It includes: Alexander Legge, Chicago, president International Harvester Co.,

Alfred P. Sloan, New York, General Motors head; Col. Edward N. Hurley, Chicago, former Wilson wartime executive; Pierre Dupont, Wilmington, Del., Walter S. Gifford, New York; American Telephone; Wm. S. Harriman, New York president, Union Pacific railroad; H. P. Kendall, Boston, head of Kendall Co.; Thos. H. McInerney, New York, National Dairy Products Corp.; Gen. R. E. Wood, Chicago, Sears, Roebuck Co.; A. Lincoln Filene, Boston; Clay Williams, Reynolds Tobacco Co.; Walter Teagle, New York, Standard Oil; Henry I. Harriman, president U. S. C. of C. Gerard Swope, New York, General Electric Co.; Melvin A. Traylor, Chicago banker and George H. Baldwin, Jacksonville, Fla.

Salvation Army Plans To Raise Funds For Work

Will Make An Effort To Raise Money To Pay Off Indebtedness And "Carry On"

A meeting of the Advisory Board of the local corps of the Salvation Army was held Wednesday afternoon at the army headquarters at 133 Water street, when the proposed budget of \$3,000 to carry on the work during the year and pay off its present indebtedness was approved. It was also decided that the local campaign for funds, the date of which had not yet been definitely decided upon, should be conducted entirely as a local effort and without special organizer, enabling the corps to carry on the campaign for funds without any additional expense and without unnecessary overhead.

Ensign F. W. Goddard announced some preliminary work already accomplished by himself in the furtherance of the campaign. It is planned to organize teams to carry on the campaign.

Ensign Goddard will speak Sunday morning at Greenwood M. E. church of which Rev. Sam Maitland is the pastor at the time of the regular service. He will tell of the work of the Salvation Army as well as bring a special gospel message.

Bible Conference To Convene Sunday

Fifth Annual Interdenominational Bible Conference To Be Held At Slippery Rock

The fifth annual session of the Western Pennsylvania Bible conference will open Sunday June 25 with afternoon and evening sessions in the Presbyterian church of Slippery Rock. Dr. George C. Miller of the Second Presbyterian church, of Butler, Pa., is the chairman of the board of directors and will preside, preaching the opening sermon. Dr. E. J. Pace of Orlando, Fla., will be one of the chief speakers, also Dr. Albert Hughes, of Toronto, Canada. Dr. Hughes is the home director of the Sudan Interior Mission.

Wednesday of conference week will be known as Missionary day in the conference. The chief speaker of that day will be Dr. J. Leroy Dodds, a missionary from India. It will be of interest to know that this Dr. Dodds is the brother of the newly elected president of Princeton University and Dr. Robert E. Speer has just announced that when Dr. Dodds returns to India, he will be given charge over all the Missionary work of the Presbyterian church of that great country.

Speakers from New Castle who will have a place on the program of the Conference are Rev. Charles H. Heaton, Dr. J. A. Galbraith and Dr. W. E. McClure. Rev. Bernice Osterhouse, pastor of the Baptist church of Ellwood City will have charge of the music. This conference has grown each year until now it attracts visitors from many of the towns and cities of western Pennsylvania and eastern Ohio.

DEATH VALLEY HOTTEST SPOT IN AMERICA

1000 miles in "second gear"
1000 miles in "low gear"

in heat 50% hotter than you'll ever encounter

Can you imagine driving for 1000 miles at nearly a mile a minute—with the thermometer sprinting up above 136 degrees in the shade?

That's what the Mobilgas test cars you see above did in Death Valley, California, in proving Climatic Control.

These carstacked four brutal tests:

1. 1000 miles in "low." 2. 1000 miles in "second." (Both without a stop.)
3. 250 miles in high gear over almost impassable trails of rock and sand from one end of Death Valley to the other.
4. 10 hours' steady going, with the radiator and entire cooling system removed.

If ever a gasoline had a chance to fail, it was here. Yet Climatic Control made possible one uniformly high level of performance from start to finish.

You'll never encounter such heat and hard going in your driving. But you can be sure, by these tests, that Climatic Control and Mobiloil will give your car an extra margin of safety.

File Records On Federal Property

Secretary Of Internal Affairs Is Custodian Of All Titles To Federal Land

HARRISBURG, Pa., June 22.—Under the provisions of an act passed by the recent session of the legislature, the Secretary of the Commonwealth has today filed with Secretary of Internal Affairs Philip H. Dewey records and papers pertaining to 107 pieces of land owned by the federal government in Pennsylvania.

Fifty years ago the legislature agreed to cede jurisdiction to the United States over property which it had acquired or would acquire in the Commonwealth for postoffices, customs houses and other structures.

In 1905 the act was amended and the Secretary of the Commonwealth was made custodian of copies of deeds, records and other papers pertaining to government acquired lands.

The legislature of 1933 added another amendment and ordered the transfer of the records to the custody of the Secretary of Internal Affairs who is now held responsible for the preservation of papers pertaining to federal owned lands as well as properties acquired by the Commonwealth for institutional and other purposes. This latter custodianship was conferred by an act of 1919.

Carl H. Leis Is Granted Patent

Local Man Is Given Rights For Graphiting Process For Sleeve Bearings

By ARTHUR G. WILKES
Special Washington Correspondent

WASHINGTON, D. C., June 22.—The United States Patent office has granted to Carl H. Leis, of New Castle the patent rights on an apparatus for graphiting sleeve bearings.

Mr. Leis applied for the patent only a little more than a year ago on January 14, 1932. He has been allowed protection on ten novel features of the invention and has assigned his rights to the Johnson-Bronze Company.

The Patent Office describes the invention of the New Castle man as: An apparatus for filling grooves of a bearing sleeve with a lubricating compound comprising a container for the compound, a chuck head open to said container and adapted to be engaged by one end of the sleeve to be operated on, slidably adjustable means for closing the opposite end of the sleeve means for forcing the compound into the grooves of the sleeve endwise thereof and separate rotatable means for compacting the compound within the grooves.

YOU'RE A MARVEL, ALICE! YOU COOKED, SWEPT, CLEANED AND DID A BIG WASH TODAY—YET YOU LOOK AS FRESH AS A DAISY

I CAN THANK RINSO FOR THAT—IT GETS CLOTHES 4 OR 5 SHADES WHITER WITHOUT SCRUBBING. IT MAKES DISH-WASHING EASY, TOO

"Nice lively suds—easy on hands" says Mrs. R. Phillips, 818 W. Wash. St.

RINSO is all I ever use, even though the water here is very hard. Rinsos gives nice, thick, lasting suds in my washer. Clothes come 4 or 5 shades whiter. I use Rinsos in the dishpan because it cuts the grease in a flash, and makes everything—even skillets—shine like new. I use it for all cleaning—it's so easy on my hands."

Clothes washed the "scrubless" Rinsos way last 2 or 3 times longer—you'll save lots of money. Rinsos is great in washers, too. Gives twice as much suds, cup for cup, as lightweight, pushed-up soaps, even in hardest water.

Kiwanians Picnic At Taylor Farm

Clubmen Feast, Make Merry At Outdoor Event; Own- er Plays Host

With ideal picnic weather prevailing, members of the New Castle Kiwanis club last night drove to the beautiful Everglades dairy farm of Dr. Frederick Taylor near Pottsville and made a tour of inspection of the modernized dairy plant, enjoyed a delicious cold chicken dinner in the out-of-doors and shook off extra pounds in a thrilling mulligan game which climaxed it all.

The party left the Castleton here shortly after 5 o'clock, arriving at the farm in time to witness the milking machines in full operation. Dr. Taylor, playing the role of host, was on hand to greet the men.

Host Extends Welcome
Dr. Taylor and his son, Frederick and James Barr escorted the members through the farm plant, explaining the mechanized milking system which does the work in the place of men.

Dinner, prepared in advance, was waiting for the group when the inspection ended. It was served in a cool grove not far from the Taylor home, and Dr. Taylor, his son and Mr. Barr were present as special guests.

H. L. Marvin, Harry L. Gormley and A. H. Gorkick were in charge of the picnic arrangements, assisted by Fred C. Wolford who handled the transportation.

Game Fine Climax
At a nearby field for a spirited mulligan contest was played. Two junior Kiwanians, David McBride and Thomas Stevenson, serving as captains, chose sides.

The visit came to a close after the game had ended.

The club's noon meeting yesterday was passed up because of the evening program.

On next Monday night the Kiwanians, with their wives, will go to the Ellwood City Country Club to join other Kiwanians and Kiwanis ladies in a gala "All Kiwanis Night" dinner-dance program. The entire district will take part.

Charleroi Youth Is Found Dead In Box Car In Texas

Body Is Identified As Eugene Jossion, 20, By High School Class Ring

(International News Service)
CHARLEROI, Pa., June 22.—Members of the 1932 and 1933 graduating classes of Charleroi high school today aided police here and at Big Springs, Tex., to identify a dead youth found in a box car in Texas as Eugene Jossion, 20, of Charleroi.

With their only clue a girl's 1933 Charleroi high school class ring initialed "A. R.," authorities and Superintendent of Schools T. L. Pol-

lock called in various members of the two graduating classes until they located Anna Revela.

The girl said she had given the ring to Jossion, her fiancée. From a description of the dead youth she and her brother identified him as the box car victim.

Jossion, it was learned here, had started to hitch-hike to the Chicago world's fair and apparently had decided to continue on to Texas. He was believed to have starved in the box car. He had been dead for some time when found.

Texas authorities were asked to send the body here for burial.

New York Night Club Coach Dies By Bullet Today

Find Body Of Slain Broadway Night Club Figure Near His Home

(International News Service)
NEW YORK, June 22.—Some one Harry Lyons trusted, took him for a walk today.

Then that mysterious someone put a pistol to within a few inches of his face, pulled the trigger once, and left him dead on the sidewalk, under a bright arc light, within a few feet of his home.

Three or four other shots were fired but only one took effect.

Mrs. Mary Lyons, his wife, waiting up for him in their pretty two story home, heard the shots, looked out, but saw nothing because the body of her husband, as it lay in the street, was screened by a hedge.

Lyons, police said, had served 8 months in the Westchester county prison in 1928, on a liquor violation charge, but was not considered a racketeer. He was a coach for Broadway Night Club floor shows, and had worked in preparation of productions for Texas Guinan, Harry Richman and other stars of the night club circuit.

Rumor MacDonald Issues Warning To U. S. Delegation

Asserts American Delegation Causes Stalemate In Eco- nomic Parley

(International News Service)
GEOLOGICAL MUSEUM, LON-
DON, June 22.—Reports were cir-
culated in the world economic con-
ference hall this afternoon that Prime
Minister J. Ramsay MacDonald had
made representations to the United
States delegation concerning the
stalemate facing the parley.

The reports said that MacDonald, acting on behalf of various Euro-
pean delegations clamoring private-
ly for action, conveyed a "diploma-
tic warning" to Secretary of State
Cordell Hull that the United States
must "back up" or risk taking re-
sponsibility for the impasse.

MacDonald's warning was under-
stood to have been delivered thru
James M. Cox of the United States
and Finance Minister Georges Bon-
net of France following an animated
conversation between Hull and Bon-
net in full view of all the delegates
in the upper lounge hall of the con-
ference building.

UNITED STATES OPPOSES TEMPORARY STABILIZATION

By EDWARD L. DEUSS
International News Service Staff
Correspondent
(Copyright, 1933, by International News Service)

GEOLOGICAL MUSEUM, Lon-
don, June 22.—The United States is
opposed to any temporary 30-day
currency stabilization agreement be-
cause it would be "meaningless" and
likely to wreck the work of the world
economic conference, Secretary of
State Cordell Hull told International
News Service today.

In an exclusive interview with In-
ternational News Service, the chair-
man of the American delegation in-
sisted, however, that the United
States "favors stabilization in prin-
ciple" and will begin negotiations
toward that end at the proper time.

Hull's remarks were in the nature
of a counter-offensive against the
various attacks by European states-
men against refusal of the United
States to be dragged into a stabiliza-
tion agreement before anything
else is done.

"I have told a leading world econ-
omic conference personage, whose
name I cannot reveal, that the
United States is opposed to tempo-
rary 30-day stabilization," Hull said.
"States to which such stabiliza-
tion would be meaningless and
would not contribute toward the
work of the economic conference."

"Any international trade agree-
ments formulated on this basis
would soon be wrecked again."

"I told this person that the United
States favors stabilization in prin-
ciple and will negotiate to this ef-
fect as soon as the United States
is in a position to do so."

"Such stabilization would mean
something."

Secretary Hull denied there is
great divergence between the Amer-
ican and European attitudes re-
garding essential problems facing
the conference.

"I told this person further," he
continued, "that the United States
favors gold as the international
measure of exchange and that it
favors reduction of tariff barriers
and abolition of discriminatory
quotas and embargoes, which are
expressions of rabid nationalism."

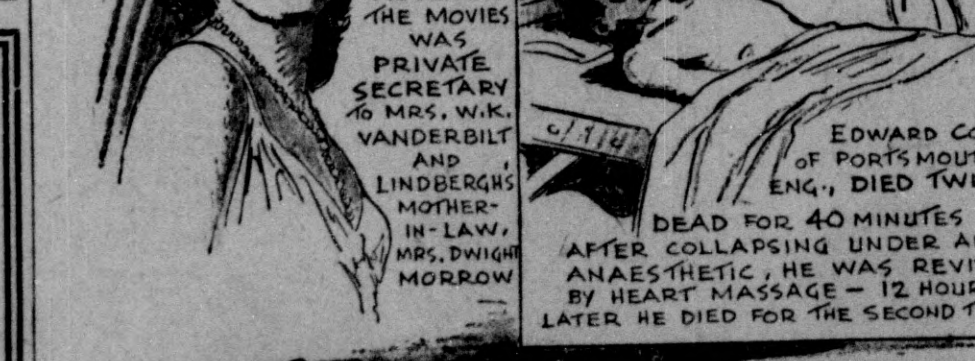

"I have demonstrated that the
United States is ready and willing
to shoulder her share of responsi-
bility, but we should not always be
asked to give without being given
anything in return."

Hull said he had not conferred
with Maxim Litvinoff, Soviet com-
missar for foreign affairs, but in-
sisted he was ready to "talk business
with anybody."

The subject of Soviet-American
trade, he said, has been discussed
informally on several occasions at
Washington in recent weeks. But
nothing concrete has yet material-
ized.

HIGH SCHOOL ALUMNI WILL MEET TONIGHT

Prof. George A. Dickson, For-
mer Principal And School
Superintendent To Be
Guest

Everything points to the 1933 re-
union of former New Castle high
school students to be held this eve-
ning in The Cathedral being one of
the most successful in the history of
such events.

With more than three hundred
reservations for the dinner, which
inaugurates the event, and scores
of others seeking to make reserva-
tions at the last moment, the great-
est crowd of many years will be in
attendance. The dinner will be
served at 6:30 p. m. in the dining
room of The Cathedral.

Following the dinner at 8 o'clock,
there will be presented in the audi-
torium of The Cathedral, one of the
finest entertainments provided in
many years for the alumni and in-
cluded in the program will be out-
standing public performers, who
have attended the high school in
years past.

The entertainment will last one
hour and at nine o'clock, there will
be the annual alumni dance in the
ballroom of The Cathedral. One of
the features of this part of the eve-
ning's program, will be the grand
march, which will be directed by
Ralph M. Campbell.

For those of the former students,
who did not make reservation for
the dinner, a special price of fifty
cents has been made for the enter-
tainment and dance.

The members of the June and
January graduating classes of 1933
will be the guests of the Alumni at
the entertainment and dance.

Prof. George A. Dickson and wife
of Oceanside, California, will be
the guests of honor at the event. Prof.
Dickson is known to many hun-
dreds of the former students, due to
the fact that he was high school
principal for many years and also
superintendent of the city schools
for many years and he will be glad
to meet all his former pupils on this
occasion.

Concrete Benches For All City Parks

Damage And Removal Of Wooden Benches Causes Change

Concrete benches are to be placed
in all of the city parks according to
Louis Genkinger, director of parks,
who said today that several benches
have already been placed in the
public square and seventh ward
parks.

Eight will be placed at the public
square park, four in the west side
park, four in the seventh ward park,
two in Jackson avenue park and one
at East Washington street and But-
ler avenue.

The concrete benches of a pleas-
ant design are being made by Car-
mi Glover and other city employes
and the plan was put through owing
to the number of wooden
benches damaged or removed with-
out the knowledge of city officials.

Recruiting Officer Gets Assignment

Will Leave For That Place On The Twenty-Sixth To Start On Duties

Chief Machinist Mate C. F. Ger-

naval recruiting station here for the
past 10 months, has been assigned
to the Naval Academy at Annapo-
lis, Md., as an instructor, since the
closing of the local recruiting sta-
tion, which was located in the City
building.

He and his family, who have been
residing at 312 Boyles avenue, will
leave Monday, June 26, for their
new location, in Annapolis, where
Chief Machinist Mate Gerry will
assume his duties as an instructor
of the midshipmen in the imme-
diate future.

The ALL ELECTRIC KITCHEN is now a Reality

PERHAPS you have dreamed of a
kitchen like this in your home—a
kitchen where electric servants preserve
the food, prepare the meals, even wash
and dry the dishes. This kitchen need no
longer be a dream—it is a real possibil-
ity, in your home or any home.

A refrigerator brings all the conven-
ience of modern, low cost food preserva-
tion. A range means fast, clean and eco-
nomical food preparation. And for one
cent a day the dish washer washes and

dries the dishes—saves one month's time
a year. Other appliances bring added
comfort and convenience.

Begin "building" your electric kitchen
now! But build with a plan—one thing at
a time until you have the complete all
electric modern kitchen. Our free plan-
ning service is available thru the facilities
of the General Electric Kitchen Institute.
With no obligation whatsoever you can
have a plan which will transform your
kitchen into a modern electric workshop.

Uncle Sam Has About One Billion In Cash

Enough Money On Hand In Treasury To Carry On Normal And Emergency Activities

No Major Borrowing Will Uncle Sam Need Do Until About August 15

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, June 22.—With about a billion dollars in cash on hand, the treasury Wednesday had sufficient funds on hand to carry on all normal and emergency activities without major borrowing until Aug. 15.

In the meantime, close to \$1,000,000,000 in treasury bills mature and probably will be refinanced with similar issuance and relief money can be gotten into use faster than now appears probable, there may be some new borrowing before Aug. 15 through issuance of additional bills.

Five Year Notes.
On Aug. 15 about \$469,000,000 in 4 per cent certificates mature. At that time there will be an issue expected

Hum Of Industry Heard Again In All Parts Of U.S.

**Spectacular Recovery In
Auto Industry Continues
With No Evidence Of
Let-Down**

**Railroad Traffic And
Freight Picking Up;
Workers Get Pay
Increases**

(International News Service)
DETROIT, June 22.—The hum of industry, so long muted in the automobile capital of the world, was swelling this week into a roar that betokened the advent of a new period of prosperity.
The spectacular recovery of the motor industry continued with no evidence of a let-down. The usual seasonal summer slump so far has failed to appear.
The weekly registration report of R. L. Polk & Co. indicated that car sales for May were approximately 165,000 units, 40 per cent higher than April, 20 per cent above May of 1932 and 11.5 per cent over the total for June, 1932, last year's best sales month.

Traffic Gains.
NEW YORK, June 22.—N. Y. Central railroad Wednesday reported the largest traffic gain in the depression for last week on Saturday's loadings report.

Loadings for the week ended Saturday 97,146 cars, a gain of 19.3 per cent over the 81,425 cars handled in the same 1932 week and a rise of

nearly 5,000 cars over loadings of 92,238 cars in the week ended June 10.

Improved Business.
ST. LOUIS, June 22.—Increased car loadings, salary raises and the re-opening of three coal mines were hailed as real evidence of improved business conditions in the St. Louis district during the past week.

Car loadings of both the Frisco and Missouri Pacific railroads showed sizable increases for the week ending June 17 over a similar period last year. The Frisco loaded 13,093 cars compared to 12,364 for a gain of 729 while the Missouri Pacific showed an increase of 1,886 cars loading 21,152 cars for the period ending June 17 this year as compared to 19,266 for last year.

In southern Illinois, the reopening of coal mines put hundreds of miners back on the payrolls.

Pay Increases.
ROCHESTER, N. Y., June 22.—Pay increases for 500 employees of the Rittler Dental Manufacturing Co. effective July 1, were announced on Wednesday by Edwin L. Wayman, president. Salaried employees will receive a six and one quarter per cent boost and those working on an hourly basis, ten per cent.

Pick Up On Coast.
SAN FRANCISCO, June 22.—Definite betterment in California business is indicated by employment increases in various divergent industries, advancing live stock prices, improvement in the canning industry, retail shoes, building activity and bank debits for May, the Bank of American Business Review noted today.

Far western business stood at an

index of 56.7 in May, against 56.5 in April, and 53.8 in March, the bank's survey disclosed.

Relief Rolls Drop.
CHICAGO, June 22.—Reflecting the return to business normalcy the Cook county bureau of public welfare Wednesday reported a net decrease of 6,815 families on the unemployment relief rolls.

Officials of United Air Lines reported the first big increase in air mail since the beginning of a decline a year ago.

Pittsburgh Man Placed On Parole

**Judge Refuses To Send Albert
Brandner To Jail For
Embezzlement**

(International News Service)
PITTSBURGH, June 22.—Because he was "the unfortunate tool" of former City Treasurer Roy D. Schooley, Albert L. Brandner, one-time treasury office clerk, today was free under parole for his conviction on charges of embezzling \$6,500 in 1931.

Judge Harry H. Rowand paroled Brandner late yesterday after a jury had convicted him of the charges. The court said no jail sentence would be imposed because Brandner was "the unfortunate tool of his superior."

Fire Damages Tyrone Plant

BEER WON'T MAKE YOU FAT

If you aid the digestive juices that prevent "bloat".

You can drink beer, in any reasonable quantity, and forget all fear of fat, if you give your Lippases just a little daily help. The dictionary will tell you that Lippases are the digestive juices that control the production of fat in human bodies. When these juices are controlled—regulated—you lose all surplus fat, and become slim and really healthy.
That's why the new scientific Vannoy treatment is doing such wonders for people who are over-weight. It encourages the proper flow of the Lippases, and actually dissolves fat before it can deform the body. Vannoy is absolutely harmless. It contains no Thyroid extract, no iodine, no laxatives, no drugs of any kind that could hurt even a child. It was discovered by a great physician who has specialized in research with the leading medical institutions of Europe and America.
You mustn't have to starve yourself or go through painful exercises. You simply take Vannoy tablets each day and continue to eat three square meals. The fat disappears at just the places where you want to lose it. Start the treatment at once and all your fondest dreams of health and slim loveliness should come true. Ask your druggist for "Vannoy" and be sure that it is on the package. If you are not perfectly satisfied with the results, your money will be promptly refunded. Love & Megown.

Rule Will Speak At Slippery Rock

**State Superintendent Of
Public Instruction To
Address Directors
Friday**

**WILL ALSO MEET
SUPERINTENDENTS**

Dr. James N. Rule, superintendent of public instruction, will be a guest of the State Teachers College of Slippery Rock on Friday when he will give a public address on the subject of recent legislation in relation to the public schools in the evening. He will discuss a phase of the same subject with superintendents at two o'clock in the afternoon.

Invitations have been sent to the county and district superintendents and to the secretaries of the school boards of Allegheny, Butler, Lawrence and Beaver counties to be present at these meetings. The members of the trustees of the college will meet Dr. Rule at luncheon.

The evening meeting is open to the public and all persons interested in the new school legislation are invited to attend. There will be a program of music beginning at 7:30 preceding the speech.

IT'S HIGH TIME FOR GASOLINE ADVERTISING TO COME DOWN TO EARTH

THE STANDARD OIL COMPANY OF PENNSYLVANIA, as leader of the industry, is helping to bring it down—to put gasoline advertising on a sensible basis. You cannot clothe yourself—or buy food for yourself—or run a car—on exaggerated advertising claims or misleading ratings of gasoline efficiency. But, if you believe the nonsense that seems to be the fashion in today's gasoline advertising, you can surely let yourself in for disappointment—and waste your money. We guarantee smoother performance. And remember, this guarantee comes from the Standard Oil Company of Pennsylvania, the world's largest oil organization. From a

company which has pioneered in new developments and is fully aware of the importance of such a guarantee from a company which is the industry's recognized leader. This company stands squarely back of Essolene as a great advance over gasoline—a new goal for all gasolines to attain. We urge you to try it once—when your tank is cleared of other fuels. Do this—judge Essolene for yourself with no exaggerated claims and descriptions to confuse you, and we will rest our case on your decision. Essolene is sold at all Esso Stations and Dealers from Maine to Louisiana. • Colored Orange • to Prevent Substitution

HANDICAP

The telephone rings—who can be calling? The infinite possibilities lend spice to life. A friend, perhaps, with sprightly news... your next-door neighbor... an invitation... an offer of work! But without a telephone, many an urgent message may be delayed. Many an opportunity may pass you by. You are doubly handicapped. For the usefulness of the telephone is not limited by the calls you get. Even more important to remember are the calls you make!

Compare the value of the telephone with its small cost—less than 10 cents a day—and then ask yourself: "Can I afford to be without a telephone in my home?"

Youth Strangled To Death By Belt

(International News Service)
KENOSHA, Wis., June 22.—His fondness for playing "Houdini" tricks was blamed today for the death of Frank E. Sebastian Jr., 13, of Chicago, who was found in the boathouse of his parents' summer home, strangled by a belt.

Although the belt was drawn tight enough to cause strangulation, coroner James Crossin expressed the belief that a recurring attack of heart failure or asthma came while the youth was performing the stunt and contributed to his death.

Nazis Raid Home Of Socialist Labor Official And Outbreak Occurs

BERLIN POLICE HOLD 40 OF "KAMPFRING"

(International News Service) BERLIN, June 22.—Two Nazi storm troopers were shot and killed today and two others seriously wounded after they raided the home of a Socialist Labor Union official on the outskirts of Berlin.

The Nazis discovered and confiscated a supply of arms and ammunition. The Nazis claimed the 23-year-old son of the arrested official fired on the troopers.

Forty Held
At least 40 members of the "Kampfring," Nationalist fighting organization, remained in custody of Berlin police as the Hitler regime moved to consolidate the gains made in yesterday's nation-wide raids.

With the back of the semi-military organization of the Nationalist party broken, the German government prepared to take new steps toward absolute control of a completely Nazi Reich.

The majority of the "Kampfring" members, derisively called "frogs" by the Nazi storm troopers, were released after their uniforms, arms and badges had been confiscated and their loyalty to the German regime proved.

SEVENTH WARD NEWS

Hurt In Accident, Continues On Way

Man From Youngstown Hurt When Car Leaves Road, Refuses To See Doctor

Two Seventh ward residents rendered first aid to an injured motorist on the Wampum highway late Tuesday night. They found the man standing by his automobile which had been ditched a short distance this side of Wampum. The man said his name was McCormick and that he lived at Youngstown. Although apparently rather severely injured he refused to be taken to a physician. The local men assisted him in getting his car from the ditch and the injured man was able to continue on toward this city.

HONEST MOTORIST

A local service station operator's faith in the human race was increased considerably the other night when a motorist turned back at 11 o'clock to return several dollars given him erringly in change. This the motorist did in spite of the fact that he had traveled several miles from the gas station, it was late and hot and he had a 105 mile trip ahead of him. His car bore Pennsylvania license plates.

TRANSIENT HURT

Joe Duffner, who was hitch hiking through here on Wednesday afternoon from Cleveland, O., was treated for injuries to his chest that he claimed had been caused by an automobile accident on the previous day at a point near Cleveland. The injuries were not of a serious nature.

VICTIM OF HEAT

Charles Arblison, who said he was from Akron, O., and had been in one of the reforestation camps, was treated at a seventh ward home early Wednesday afternoon after fainting from the heat. In five or ten minutes he had recovered and left the city.

books were added last Monday and this afternoon to the local collection and include several of the year's best novels.

COTTON NOT THRIVING

The cotton which is being grown by a resident of Preston avenue is not getting along as well as it would down in Carolina or Alabama. This is mainly due to the cold weather of a few days ago.

REQUESTS FOR STAMPS

The Mahoningtown postoffice is receiving numerous requests for the new Century of Progress three cent stamp just issued by the government. The new lavender colored stamp contains a picture of the federal building at the world's fair.

HOUSE REPAIRS

Siding and porch repairs and painting are being given to two houses on North Ashland avenue and another on West Cherry street this week.

OFFICIAL VISIT

The party of B. and O. railroad officials, from Akron, O., and Cincinnati, O. spent Wednesday in Mahoningtown inspecting the work here and conferring with the local officials.

SEVENTH WARD PERSONALS

Edward Bevan, of West Clayton street, who left for New York City several days ago reports having a fine trip.

Mr. and Mrs. Herman Conti and family, of Lakewood, O., are spending a few days visiting relatives in this ward.

Eugene Walker of West Clayton street is reported to be very ill with pleural pneumonia.

Rev. James Parker, of Jersey City is visiting his niece Mrs. J. H. Hossler of West Cherry street, and other relatives in New Castle.

Walter Wald, of West Cherry street, who left with a party of local young men for the World's Fair several days ago, remained for a visit with relatives near Chicago instead of returning with the others.

Mr. and Mrs. James Raft and Mrs. G. M. Raft, of Newark, N. J., visited Mrs. Ida Rollins, at New Castle, and numerous friends in seventh ward Wednesday. They are spending the week in this vicinity, and Pittsburgh.

Herbert Dungan, of Newell avenue, returned home Tuesday night from Los Angeles, California, where he spent two weeks. Mrs. W. H. Mauermaier and daughter, Verice, who also went to California two weeks ago, will stay there for several more weeks.

Three Homes Are Damaged By Fire Near Pittsburgh

Coal Company Houses Are Burned Down, Eight Families Made Homeless

(International News Service) PITTSBURGH, June 22.—Three houses were destroyed by fire and a fourth badly damaged at Horning Mine No. 4 of the Pittsburgh Terminal Coal Corporation today.

Eight families were driven from their homes as the flames swept the frame dwellings. One woman was burned on the hand. All others escaped injury. Fire companies from four neighboring townships and boroughs were called to the scene as firemen confined their efforts to prevent the blaze from spreading. Cause of the fire was undetermined. No estimate of the damage was available.

Mexican Mountains Being Combed For Whereabouts Of Missing Atlantic Fliers

CRASH REPORT LATER DENIED

(International News Service) MEXICO CITY, June 22.—Search for the missing Spanish trans-Atlantic fliers, Captain Mariano Barberan and Lieutenant Joaquin Colar, was renewed today after reports their plane had crashed at Guadalupe in the state of Tlaxcala were discredited.

It was previously reported their plane, the Cuatro Vientos, had crashed on a mountainside near the small village, and that Colar had been killed and Barberan seriously injured. Announcement to this effect was made by the ministry of communications.

Later, however, it was stated at both the office of President Rodriguez and at the Spanish embassy that searching parties in Tlaxcala had failed to find any trace of the missing fliers, who attempted a flight from Havana, Cuba, to Mexico City on Tuesday.

Barberan and Colar recently arrived in Havana after completing a non-stop flight across the Atlantic from Seville, Spain, to Camaguey, Cuba, thereby establishing a long-distance over-water flight record.

GRANT CITY

ACCIDENT OCCURS

James Young of Portersville narrowly escaped injury on Saturday when he was driving with a horse and buggy near the premises of Pat McCormick. A machine approached from the rear, crashing into Mr. Young's buggy, wrenching it and throwing Mr. Young from the buggy. Fortunately Mr. Young was not injured. The horse was soon caught. The driver of the car said he was attracted by a large white police dog in Mr. McCormick's yard and failed to notice the buggy.

Well Known Women In Franklin, Pa., Taken By Death

Mrs. Carolyn Weyman Grimm, And Miss Austa Reisinger, Dies Within Few Hours

(International News Service) FRANKLIN, Pa., June 22.—Deaths of two women, both prominent in Franklin social circles, within a few hours of each other were recorded here today.

Mrs. Carolyn Weyman Grimm, 87, one of the city's oldest residents and the widow of the late Daniel Grimm, banker, was found dead in bed at her home. A heart attack was blamed.

Shortly afterwards, Miss Austa Reisinger, 61, art and Latin teacher at Franklin High school, died after a brief illness. She was the daughter of Roe Reisinger, who won a government citation for bravery during the Civil war.

TO PAY OUT \$13,000 IN LICENSE MONEY
County Treasurer George W. Lawrence of Mercer county, is preparing to distribute \$13,000 collected in beverage license fees to cities and boroughs entitled to it. The license revenue from townships will remain in the county treasury, as there are no first class townships, specified in the act, in Mercer county.

Nations To Reduce Wheat Barriers As Regarding Tariff

Several Wheat Importing Nations Agree To Reduce Wheat Tariff, Await Agreement

(International News Service) GEOLOGICAL MUSEUM, London, June 22.—Although formal

wheat negotiations are temporarily shelved, Henry Morgenthau, Sr., of the United States, has extracted verbal promises from several wheat importing nations to reduce wheat tariff barriers, International News Service learned reliably today.

Under the terms of the promises Morgenthau has obtained, the import barriers will be reduced as soon as Argentina, Canada, Australia and the United States reach agreement regarding curtailment of wheat production.

Lives of great men oft remind us we can make our lives sublime: and by learning legal stealing, keep our record free of crime.

Discuss Matter Of Tuition Pupils

Attorney Says Board Should Not Exonerate Former Tax Collector Here

ELLWOOD CITY, June 22.—An important discussion on the admission of tuition pupils to the Ellwood City schools was held by the board of education at an adjourned meeting in the Lincoln school Tuesday night.

Superintendent of Schools Vaughn R. DeLong showed by chart how all the districts should pay something to the local school district for tuition this coming term and at the same time keep from adding to their debt. The various townships owe the local school district a total of \$37,000. At the beginning of the next school term the board will require all tuition be paid monthly in advance for entering pupils, either by the township or parents.

New Castle rendered an opinion to the board last night before former Tax Collector T. A. E. McConahy that the board must not exonerate or credit Mr. McConahy with a sum of \$971.25, which he asks. The board had cleaned up their business with Mr. McConahy when he turned over the above sum as settlement on his duplicate. Mr. McConahy stated that this sum was paid out of his own funds upon the hopes that he would be able to collect it from taxpayers. This has not materialized. The matter will be further considered by attorneys.

The board at this time re-elected Mr. Lash as trustee officer for next year and also selected him again to do the enumeration of pupils here at three cents per pupil.

The board authorized the renting of the Lincoln auditorium to the Legion Auxiliary on October 12-13. Upon motion of Director J. W. Mayne the board reconsidered the tax collector's rate for collection and set it at one-half of one percent for collection and five percent for delinquent collection. This arrangement will make it possible for the tax collector to purchase his own bond.

Mr. and Mrs. T. W. Navarra of Hillsville, have concluded a visit at the home of relatives at Park Gate.

Home-Coming Day At Home Planned

Many Expected To Visit Children's Home At Zelienople, Thursday

ZELIENOPLE, June 22.—The annual visiting and donation day at the children's orphan home and farm school here will be held this year on Thursday, June 29. This is the 30th anniversary of the home and the public is invited to be present and spend the day at this beautiful place.

It is a homecoming for many who spent their childhood days at the home, many who are now elderly men and women.

There are a large number of children in the family at the home who also look forward to this day for many weeks.

Phalanx Plans To Hold Picnic Soon

To Extend Invitation To New Castle Fraternity To Participate In Event

ELLWOOD CITY, June 22.—Phalanx Fraternity of this city held its weekly meeting last night in the First National Bank building with a fine turnout present. Primus William Hitt presided.

At the business session arrangements were made to attend a service in the M. E. church on the first Sunday of July instead of the last one in June as originally planned.

The local fraternity plans to hold a picnic here on July 12 at a place to be later determined. An invitation will be extended to the New Castle Fraternity to participate.

The local organization has intentions of banqueting the 20 best boys at the Lincoln and North side who show the best playground spirit and sportsmanship.

The fraternity adjourned until next Wednesday following a brief social period. John Yanko will be in charge of the program next week.

Breakfast Enjoyed By E. M. M. Members

ELLWOOD CITY, June 22.—Dispensing delightful hospitality Mrs. Audrey Cunningham opened her home in the country near Dick Victor's Camp for the pleasure of the members of the E. M. M. club Wednesday morning with eight present on the occasion.

A delicious breakfast was served by the hostess when all the club members had assembled. After this two tables of bridge were in play with the high score prize at the conclusion going to Mrs. D. R. Williams. The club will meet again in three weeks at a place to be later decided.

LUTHERAN SOCIETY MEETS ON WEDNESDAY

ELLWOOD CITY, June 22.—At a meeting of the Women's Missionary Society of the Trinity Lutheran church at the home of Mrs. Henry Elcholtz on Crescent avenue Wednesday evening plans were formulated to participate in the annual visitation and donation day at Zelienople soon. Also the local society made arrangements for its annual picnic to be held July 19 at camp Con E-Q. Full details will appear tomorrow.

HOSPITAL NOTES

ELLWOOD CITY, June 22.—Discharged Wednesday: Mrs. Clarence Ashton of Line avenue; Mrs. George Nedeloff and baby of Fountain avenue.

Lost 37 Pounds With Kruschen

Friends Lost Fat, Too

"I weighed 190 lbs. when I first started Kruschen. In 3 months I lost 37½ lbs. I was so proud of my results, I've told quite a few of my over-fat friends. They, too, have lost a lot." Mrs. J. S. Sonza, Waco, Texas.

As surely, safely and conveniently as a half teaspoonful of Kruschen Salts in a glass of hot water in the morning banishes double chins, fat hips, bulging stomachs and restores slim, youthful lines—so will this healthful "little daily dose" help build up glorious health. Indigestion, acidity, headaches, fatigue and shortness of breath so often caused by excess fat cease to annoy—you'll look younger and FEEL IT—so vigorous and full of ambition.

If one inexpensive jar (lasts 4 weeks) doesn't joyfully satisfy money back from Eckerd's Drug Store, New Castle Drug Co. or any drugstore. Make sure you get Kruschen—prescribed by many physicians and recognized the world over as the SAFE way to reduce.

President Honored By Local Council

Mrs. Max Reinhart Is Honored By National Council Of Jewish Women Here

ELLWOOD CITY, June 22.—The Ellwood City chapter of the National Council of Jewish Women signally honored their president, Mrs. Max Reinhart, Wednesday afternoon in the B'nai B'rith hall on the corner of Sixth street and Lawrence avenue. There were a number of special guests present on the occasion.

A special program was given at this time in honor of the occasion. Mrs. Samuel Selkowitz of Alliquippa rendered a number of piano selections and Mrs. Robert Tommasson also of Alliquippa pleased the gathering with a few vocal selections. Rabbi Chary of Youngstown, O., gave an interesting book review.

Later in the day Mrs. Ben Balter in behalf of the organization presented Mrs. Reinhart with beautiful gift in a few well chosen words in appreciation of her services. Much credit for the success goes to Mrs. Edward Kellar and her committee who were in charge of the affair. Refreshments were served later by a committee.

The local organization will not hold another meeting until next fall.

Ellwood Minister Performs Wedding

ELLWOOD CITY, June 22.—Miss Isabelle Davis, daughter of Mrs. Viola Davis of Darlington became the bride of Theodore Zeh of Enon Valley in an interesting ceremony here Wednesday evening which was performed by the Rev. J. A. King, pastor of the Bell Memorial Presbyterian church at the parsonage.

The couple were accompanied by Miss Gladys Davis of Youngstown, a sister of the bride and Richard Riddle of Enon Valley. The ring ceremony was used. The bride was crowned in a white crepe dress with accessories to match and carried a bouquet of tea roses. The maid of honor wore a pink crepe dress with accessories to match.

When Mr. and Mrs. Zeh went to their car following the ceremony, they found it all decorated with all sorts of odds and things. This was done by their friends who followed them to this city.

The bridal party motored to the home of the bride's brother, Fred Davis at College Hill, Beaver Falls, where a delicious wedding dinner was served. After a post nuptial trip Mr. and Mrs. Zeh will make their home in Darlington.

Tots Celebrate First Birthday

ELLWOOD CITY, June 22.—In honor of the first birthday anniversary of her daughter, Eleanor Ruth, Mrs. Harold Burns entertained a number of little tots and their mothers at her home in the Alpha apartments on Spring avenue yesterday afternoon.

The young ones enjoyed themselves playing on the floor while their mothers enjoyed an informal social period. Later a dainty luncheon was served by the hostess at one table which was centered with a beautiful birthday cake bearing one lighted taper. The guest of honor was the recipient of a number of useful gifts at this time.

The guests on this occasion were Babies Carolyn Jean Conner, Norma Ruth Rea, Barbara Letitia Mortenson, Shirley Allene McCormack, the latter of Slippery Rock, Pa.

Pollyanna Club Has Fine Meeting

ELLWOOD CITY, June 22.—Eleven members of the Pollyanna Club and their families enjoyed a fine picnic all day Wednesday at Camp Con E-Q here.

The day was spent in games, contests and swimming in charge of Mrs. Frank Blaine, and Mrs. Charles Cunningham. Later a delicious picnic dinner was served in charge of Mrs. Frank Potter and Mrs. Ira West. Mrs. Ella Guy and Mrs. G. C. Denniston had arranged for the place.

The club plans to hold another event of this type at their next meeting on the third Wednesday of July.

Mrs. Robert Lutz Pleasing Hostess

ELLWOOD CITY, June 22.—An interesting meeting was held by the members of the L. W. L. Club at the home of Mrs. Robert Lutz on the New Brighton road Wednesday afternoon with 12 members present.

Following the serving of a delicious tureen dinner by the hostess three tables of 500 were in play with the high score awards going to Mrs. Clyde McCurdy and Mrs. Ernest Rudge.

Before adjourning the club was invited to meet again in three weeks at the home of Mrs. Lee Wiley on the New Brighton road.

M. Y. B. Members Meet Wednesday

ELLWOOD CITY, June 22.—With delightful hospitality Mrs. Fred Hoelz entertained the members of the M. Y. B. Club Wednesday evening at her home in Spring Stop.

A delicious tureen dinner on the shady porch inaugurated the events of the evening. The hostess was assisted in serving by her daughter, Mrs. C. W. Lambert of this city. A period of cards at two tables then ensued with the high score awards going to Mrs. Emil Alfonso. The club plans to disband for the summer months.

Bible Schools To Close Tomorrow

Wurtemburg And Knox Church Schools Are Concluding Present Term

ELLWOOD CITY, June 22.—Two daily vacation Bible schools, one at the Wurtemburg United Presbyterian church and the other at the Knox Presbyterian church, will close successful three-week terms tomorrow morning. There has been an average attendance of 85 pupils at the Wurtemburg school and an average of 100 attending the Knox school daily.

The schools were both interdenominational and no charges were made for attending the classes. At Wurtemburg the classes began at nine o'clock and continued until 12 and many different classes, at which Bible history, Bible stories, handwork, music and a recreational period were included. The Knox school opened at 10 o'clock and closed at 11:30. Memory work and music were the principal subjects taught at this school.

Rev. J. E. Caughey was supervisor of the work at Wurtemburg and he was ably assisted by the following staff: beginners, Mrs. Donald Hepler; primary, Miss Ruth Hazen; juniors, Miss Mary Worcester; intermediates, Mrs. Wilbur Steffler, and music, Miss Marjorie Streeter. At the Knox school Mrs. R. E. Bell was supervisor and she was assisted in the junior department by Mrs. Steve Keul, Mrs. Abram Davies, Miss Wilma Anderson, Miss Gladys Sloan and Miss Mary Bell, and in the primary department by Mrs. Joseph Ford and Mrs. Clifford Rice. Miss Hester Elcholtz was the pianist.

Friday morning at 10 o'clock the parents and friends of the pupils at Wurtemburg are invited to attend a demonstration of the work which has been done by the pupils, including memory work, handwork, etc. Sunday evening at eight o'clock the Knox pupils will present a program at the church of the things they have learned at the schools. Attendance and memory work awards will be presented at this time.

Mrs. Weaver Is Hostess To Club

ELLWOOD CITY, June 22.—Dispensing pleasing hospitality Mrs. Sherman Weaver received the members of the N. E. W. Club at her home in New Castle Wednesday afternoon for its regular meeting. Mrs. Bessie Pitzer of New Castle and Mrs. Chester Mullen of Sharon were special guests.

The early hours of the day were enjoyed around two tables of bridge. Mrs. Edward Christley of Ellwood City and Mrs. Mullen were the winners of the club and guest awards respectively, at the close of the games.

Later the tables were rearranged and centered with beautiful flowers, and a delectable menu was served by the hostess. Mrs. Eva Keul invited the club to meet at her home in Knox Plan in two weeks.

Members Of M. L. Club Assemble

ELLWOOD CITY, June 22.—Mrs. Evell McDevitt was a charming hostess to the members of the M. L. Club at her home on the Wurtemburg road last evening. Miss Mildred Thompson was a special guest on the occasion.

The hours were whiled away around three tables of bridge, at the conclusion of which Mrs. Frank Isaman and Mrs. C. T. Houlette won the high score awards.

At an appointed hour the hostess with the assistance of her sister, Mrs. Hugh Holliday, served a delicious luncheon. Mrs. Houlette invited the club to meet at her home on Fourth street next Tuesday evening.

W. M. S. MEETING

ELLWOOD CITY, June 22.—Mrs. James Jennings was a pleasing hostess to the members of the Women's Missionary society of the Knox Presbyterian church when they assembled there yesterday afternoon for the regular June meeting with a majority of members present to participate in the meeting.

Mrs. Rowley E. Milford was the leader for the occasion with "West Indies" being the topic for discussion. Interesting papers on the subject were read by Mrs. Charles Hauserman, Mrs. Russell Duncan, Mrs. Robert Wolfe, Mrs. William Blade and Mrs. Jennings. Mrs. R. E. Bell presided at the business meeting at which routine matters were transacted.

The members of the society were invited to meet on Wednesday, July 19, at the home of Mrs. Charles Hauserman at which time Mrs. Robert Wolfe will be the leader.

Emma Farm Camp Opened Monday

Jewish Mothers And Children Of Pittsburgh District Enjoying Outing

ZELIENOPLE, June 22.—The Emma Farm camp, along the Connoquessing creek, opened Monday with 216 mothers and small children from the Pittsburgh district arriving to spend 12 days in the camp. Those who visit the camp are from the Jewish people of Pittsburgh. The mothers and small children will remain June 30, and on July 3 boys from eight years to 15 will arrive for a 12-day vacation. The camp has been located along the Connoquessing for the past 12 years and for 13 years before that in the Pittsburgh district. This is the 25th anniversary, but no special celebration will be held on account of economic conditions.

The camp will not be open for visitors this year on July 4th, on account of a contingent of boys arriving on July 3. Visiting day is enjoyed every two weeks.

What Makes a Safe Tire? I KNOW!

ARE you willing to risk your life on advertising statements claiming blowout-proof and unblowable tires? One manufacturer gives as the reason for claiming blowout-proof tires—the use of one ply of another color—another, a patented “no breaker” construction—a mail order house, high stretch “elastic” cords, etc., etc. Actually the fundamental cause of a tire blowout is the flexing of the tire which causes friction of the fibers in the cord, resulting in heat and causing the rubber to soften and the cords to deteriorate.

There is a reason why Firestone Tires have won the 500-mile Indianapolis race for 14 consecutive years, the most gruelling tire test. The reason is the Firestone patented extra process of Gum-Dipping which saturates every fiber and insulates every cord with pure rubber—which gives strength to the cords and prevents friction and heat in the fibers. This year 42 drivers in this race equipped their cars with Firestone Gum-Dipped Tires and not a single driver had any tire trouble.

Race drivers know why Firestone Gum-Dipped Tires are safer and not subject to blowout and will not risk their lives on ordinary tires. Your life and the lives of your family are often in danger at the high road speeds of today and you should not take greater risks than the race drivers who make sure that they have the best and safest tires they can buy—Firestone. Come in today. We will give you a liberal trade-in allowance for your old tires on new Firestone High Speed Tires—the safest tires in the World.

Big Army Of Over Thirteen Million Ready To Take Jobs

**Domestic Recovery Program
Will Provide Work For
Many Millions This
Winter**

**More Will Be Affected Next
Year; Way Out Of Dark
Woods Is Believed
Found**

By LESLIE GOULD
International News Service
Financial Writer

NEW YORK, June 22.—While the domestic recovery program, now getting up steam, aims at mass improvement, the primary interest of the nation's 122 millions—more than ten per cent of whom are out of work—is how it will effect them individually.

How will each benefit? If he is out of work, will that person get a job? If he has a job will his pay be increased? His hours of labor shortened? Will his cost of living go up? Etc., etc.

Two Major Things.
The program seeks two major things:

1.—Increased commodity prices—that is farm products, such as wheat, cotton, raw materials, like copper—in an effort to ease the debt burden and bring profit to the farmers.

2.—Return the 13 million idle to work.

The abandonment of the gold standard, the appointment of an agriculture dictator, the farm credit relief program, the federal reserve credit easing operations through the purchase of government bonds, and the wheat and cotton acreage control plans all aim at improving the commodity price level.

Public Works Program.
The industrial act, with its provision relaxing the anti-trust laws, shortening the working hours, spreading of employment and raising of wages, and the public works

program are all designed to reduce unemployment.

The railroad program, with its coordinator, fits more into the first classification, as it is intended to make the railroads of the country solvent, thereby making their debts held by banks and insurance companies, good.

Higher Prices.
So first of all it means higher prices. This spells a higher cost of living—a jump in the family budget. Already the citizen is feeling the pinch of this at the grocery store and meat market. Clothing, furniture and dry goods merchants have been a little slower to mark up prices, but they will be forced to when they have to pay the manufacturer and wholesaler more on replenishing their already diminished stocks.

Rents, fuel and nearly everything else that goes to make up the family budget—even gasoline for the automobile—will be similarly affected.

Spreading Of Work.
This is where the industrial recovery act is supposed to play its part. As the cost of living rises, wages are supposed to be increased. Already some of the bigger corporations have increased wages. These increases, though, may be offset in a measure by shorter working hours and spreading of work.

Regardless of the number of hours a man works, his family budget marches on just the same. He has to eat, sleep and wear clothes, and if anything his increased leisure is likely to jump his living costs, as he will have more time and thought to give to spending.

Wage Increases.
So wage increases are important if the inflation is not to pinch the average salaried man.

As was pointed out here in April, the salaried man can hedge to an extent by signing up long term leases or buying a property on mortgage, thereby definitely fixing that item of expense in a certain number of dollars.

Then he can open charge accounts and go into debt for clothing, non-perishable foodstuffs, like canned goods, and stock up with coal for next winter. He will then have "hedged" against a price rise,

or to put it another way, against a depreciation in his dollar's purchasing power.

For three years the smart thing has been to save, not spend and stay out of debt. Then prices were going down. A person "made money" by waiting. Now the way to "make money" is to spend, go into debt and contract for future requirements at present day prices. Prices are going up.

To Employ Millions.
As to the chances of getting a job, the more optimistic figure four million will be back to work this winter. Other estimates range down to a million and a half and two million.

There are thirteen million unemployed, so the chances of getting a job by winter are one out of 3 1-4, if four million actually get jobs. But if only two million new jobs are found by winter, the chances will only be one out of 6 1-2.

The return of this number of jobless, however, would increase purchasing power anywhere from a billion and a half to three billion, which in turn would provide work for other unemployed next year.

GARDNER

Mrs. Clara Tanner, of the Butler road is now at home from the hospital but is still not able to be out of bed.

Mrs. Roy Stewart, and her son Milton, of Grove City called on old friends at Gardner, on Monday afternoon.

Balance Low In Federal Road Fund

Only \$51,166 Available For
New Projects On June 1,
Estimate Shows

By ARTHUR C. WIMMER
Special Washington Correspondent
New Castle News
WASHINGTON, D. C., June 22.—Pennsylvania, on the first of June, had in her federal-aid highway fund a balance of only \$51,166 available for new road projects, the Bureau of Public Roads reported today.

On June first a total of 3,248.1

miles of federal-aid highway had been completed in Pennsylvania. In addition 391.5 miles were under construction, the Public Road Bureau reported.

Total cost of the mileage under construction is estimated as \$10,898,742. Of this amount, \$2,371,818 will be paid by the federal government and the balance by the state.

The small balance in the Pennsylvania fund will be boosted materially through allocation of the \$400,000,000 highway appropriation carried in the public works program.

Geneva Winner Of Two Titles In Conference

Geneva Took Basketball And Track Title; Waynesburg Football In 1932-33

GROVERS FIRST IN TENNIS WORLD

Championships in basketball and track in the Tri-State Conference were won by Geneva College during the past year. The football title of the league was won by Waynesburg. Geneva City, by virtue of winning both the doubles and the singles in the elimination tournament, won the tennis title.

Geneva replaced Westminster, five time champion, in basketball this year, defeating the Titans twice, the only team to do this in six seasons, and the only team to defeat the Lawmen on the New Wilmington floor in five years. Westminster and Waynesburg tied for second in the basketball race.

Waynesburg's fast and clever football team replaced Geneva as Tri-State champion this season. The Covenanters placed second in the league. Westminster was third.

Geneva, for the tenth time in succession, won the annual track and field championship of the league in the Memorial day games at Beaver Falls. Waynesburg was second and Grove City placed third.

Next year's probable winners seem to be Waynesburg and Geneva in football; Geneva in track and Geneva, Waynesburg, either Grove City or Westminster as strong contenders in basketball.

HERE AND THERE IN SPORTS' LAND

Although he stands six feet, six and one-half inches tall and balances the scale at 285 pounds fans who have watched the Italian giant, Primo Carnera in training for his bout with Jack Sharkey, world's heavyweight boxing champ, are amazed at his speed and grace. Not so long ago a feminist visited Primo's camp and after admiring his speed and grace expressed the remark that she would have to feed "big kid." One of his retinue overheard the remark and replied: "Lady, you're wrong! The big fellow doesn't eat as much as I do." He takes an egg in sherry in the morning and after a run on the road imbibes a glass of tea into which has been poured the juice of a lemon. After a shower and rub-down he takes on two raw eggs, a glass of cream, fruit, cereal, toast and coffee. He rarely eats lunch, the attaché reports. Roast, steak, chops, fish or chicken, lots of vegetables and a salad seasoned with garlic is his menu for dinner. He never eats desserts, smokes little or like an occasional glass of beer or ale but never touches either while training. He doesn't go for red wine and passes up spaghetti.

Three Americans will compete in the Diamond Sculls on the Thames river, England, commencing July 4. They are Art Strang, Princeton, Bob Cutler, whose college is not yet disclosed and W. Rutherford, also of Princeton.

Graduation has taken a heavy toll of star athletes from the campus of Notre Dame. Vice captains of various sports and a score or more of football, baseball, basketball, track, tennis and golf have left their alma mater never to return. The captains graduated were Paul Host, football; Johnny Baldwin, basketball; Jim McGrath; baseball; Fred MacBeth, track and Lou Christ in tennis. Although benched early in the last grid campaign Host came back into the game and played the Trojan off their feet and checked their running game completely. MacBeth was an inspiration in addition to being a good runner. Laurie Vejar, Charlie Jaskwich, Jim Harris, Mike Koken, Ed Kosky, Joe Sheeketski, Emmett Murphy and Joe Kurth were lost to football and other grid stars who have passed out of the halls are Mike Leding, Ben Alexander, Joe McCabe, Milton Foley, Savino, Cavendish, Bernie Cousino, Bill Pierce and Ed Vyzral. Basketball lost Leo Keating and Arnie Seldi while Frank Murphy, dash sensation, never beaten in a dual meet, also was lost.

The first dead heat of the year occurred recently at Toronto between Upset Lad and Phil R. It was the first Canadian dead heat in seven years.

Condition of George Melnikovich, Notre Dame football star, is improved at South Bend. He is suffering from acute hepatitis, a complication growing out of an infection in the upper respiratory tract.

Howdy Gorsklos, Sheraden, who was recently optioned by the Pirates to Jersey City has been sent to Tulsa of the Tax League.

The score between Tommy Loughran and Steve Hamas, heavyweight boxing, was even. Loughran having outpointed Hamas last night before 10,000 fans in New York. Each held two victories.

Barney Ross will try to wrest the lightweight championship from Tony Canzoneri, Friday night at Chicago.

Figure Carnera Better Puncher Than Champion

Sharkey Is Getting Old And Will Not Be Fast Nor Punch Very Hard

ITALIAN LOOKS LIKE BEST BET

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, June 22.—It being evident that, even if somebody did call the Sharkey-Carnera winner they wouldn't know why they did it, I have no hesitancy in announcing today, one full week in advance, that I don't know anything about this matter and won't. It's strictly that kind of a prize fight, with the final, complete and six-star answer not available until some time between the hours of ten and eleven o'clock next Thursday night, with Jack Sharkey furnishing most of the testimony but practically all. If he still has his speed, he ought to be a swift, unerring kick in the panther. If he hasn't, it won't be a repetition of the last six rounds of the other Sharkey-Carnera meeting two years ago. It'll be the first nine rounds.

Sharkey Is Older
The first nine rounds at that time saw the big caribou poke Sharkey's eyes out with a left hand. The last six brought Sharkey out with a widened shift, causing Carnera to mix with the left and leave himself open to enthusiastic and very violent counter punches that rebounded from the body to the head and back again. But it takes speed to do that and Sharkey is now two years older, a sedate home owner and family man with the nine o'clock complex and a fancy for tulips in the back yard.

Of course, there's the one they tell you brightly about a man being as old as he feels but I wouldn't want to say about that, being neither too old to feel nor too young to care.

All I know is that a man is just as fast as he runs.

Loughran Beats Steve Hamas In New York Bout

(International News Service)

NEW YORK, June 22.—Tommy Loughran, Philadelphia boxing master, who decisively outpointed Steve Hamas in ten rounds at Yankee stadium last night, today was hurling challenges at Jack Sharkey, heavyweight champion, and Max Schmeling, former world champion.

Loughran's greater experience and cleverness enabled him to evade the wild rushes of the Passaic, N. J., heavyweight and win five rounds. Hamas won two and three were even.

GOLF FACTS NOT THEORIES!

DRIVER BRASSIE SPOON

EASIER TO HIT BALL STRAIGHT WITH LOFTED CLUB—WHEN YOU'RE OFF WITH YOUR WOOD CLUBS DRIVE WITH BRASSIE OR SPOON—

Easier to hit ball straight with lofted club.

ALEX. MORRISON says:

The North Shore course where the national open was played penalized the players severely for going off the fairway on their drives.

With many of the younger players it's quite the thing to hit a low flying and long rolling ball. This type of shot seldom stays on the fairway and when it runs into real rough it costs the player a loss of a stroke as well as distance.

Mac Smith and several others used a brassie to keep the ball down the middle.

A ball properly hit with this club will carry just as far as it will when hit with a driver.

Nine times out of ten it'll be straighter. So give the more lofted clubfaces a chance when you're off with your wood clubs.

Pirates Beaten Twice By Braves

Pittsburgh Pirates Fold Up Twice Before Boston Braves In Twin Bill

CARDINALS KEEP POUNDING PILL

By LES KONKIN
International News Service Sports Writer

NEW YORK, June 22.—Although the St. Louis Cards are feared by other National League clubs mainly because of their crack pitching staff, batting has been their forte for the last week. The Red Birds have lined out 101 hits in their last six starts, an average of 17 per game.

The Cards collected 15 hits yesterday and outslugged Brooklyn 7 to 5, after staking the Dodgers to five runs in the first inning. Rogers Hornsby's pinch double off Joe Shauts broke up the game in the eighth inning after Walter Beck had been knocked out of the box. Umpire George Barr set a fielding record for arbiters by putting out four men—he threw three Brooklyn and one St. Louis player out of the game.

Giants Top Cubs

The Giants held their slim lead over St. Louis when Fred Fitzsimmons, New York's stylish stout, held the Cubs to three hits and won a 3 to 1 decision over Pat Malone. Frank O'Doul hit a homer and figured in the scoring of all New York's runs. Only 28 batters faced Fitzsimmons.

New York captured the series, three games to one.

Boston shifted Pinkie Whitney to second base and put Dick Gyselman, coast rookie, on third. The change worked like a charm, the Braves downing the Pirates twice, 6 to 5 and 5 to 3. Whitney fielded brilliantly in his new position and drove in five runs.

The Phils made it four straight over Cincinnati, 10 to 8, scoring four runs in the sixth inning and six in the seventh. Knothe, third sacker obtained by the Quakers from Boston, had a perfect day at bat with four hits.

Gehrig Hits Homer.

Hungry Lou Gehrig increased his lead in the home run derby by smacking No. 17 as the Yanks trimmed the Browns, 5 to 3. A double by Combs drove in the winning runs in the 13th inning. Van Atta and Moore pitched for New York while Satcheloff Eddie Wells went the route against his former mates.

Washington continued its batting barrage, lacing out 18 hits and drubbing the White Sox 9 to 0 behind Whitehill's steady pitching. Manigault Cronin got four hits for the Nats and Heinie Manush three. Manush has delivered 23 hits in his last 31 times at bat and has hit safely in 24 consecutive games.

Indians Win.

Wes Ferrell of Cleveland held the Athletics to six hits and beat them 11 to 1, the Indians nicking Earnshaw and Walberg for 12 hits.

After being nosed out 10 to 9, Detroit took the second game of a twin bill from the Red Sox, 5 to 3, with Firpo Marberry pitching.

The diplomat's hardest job is to persuade Europe to do something by making promises that Congress won't keep.

Pick Canzoneri To Defeat Ross

Experts Think Tony Canzoneri Is Still Too Clever For Barney Ross

CHALLENGER IS GOOD PUNCHER

By JOHN C. HOFFMAN
International News Service Sports Writer

CHICAGO, June 22.—If your correspondent had been able to resist an impulse to visit the training establishment of George Trafton he would still like Barney Ross to whip Tony Canzoneri, the lightweight champion, tomorrow night at the Chicago stadium.

But we saw Canzoneri.

We still like Ross, but only as an extremely clever young man who is good to his mother. It may still be that Canzoneri will lose, because shrewder men looked at Schmeling and said that he would beat Baer, but there was no chance to pick this superbly trained fighting man that was Canzoneri a loser.

Favor Canzoneri

At Trafton's gymnasium we not only saw Canzoneri, but indeed, the Messrs. Battling Nelson and Chaskey White, gentlemen of another and a more glamorous era.

Nelson was lecturing to great length on Canzoneri. Said he: "Canzoneri is a great champion. There were only two that might have been better. They were Gans and Leonard. I've seen Ross in all his recent fights and he's a smart lad and a promising fighter, but I doubt whether he is ready as yet to beat Canzoneri."

Both fighters exercised only lightly today in preparation for what should be Chicago's most attractive match since the memorable battle of the long count between Dempsey and Tunney in 1927. The stadium is scaled to \$91,000 for capacity, with a good possibility that the show will gross at least \$80,000. The fight will catch a few thousand workday visitors in addition to the regulars.

ONE EYED DRIVERS BANNED IN BELGIUM

(International News Service)

BRUSSELS.—A new Belgian law now refuses driving licenses to applicants who can see with only one eye as well as to those whose total vision is lower than 1-3. The same is demanded in Rumania, Portugal and Italy.

France is probably the easiest on her chauffeurs of all the various European countries. The Academy of Medicine asked as far back as 1922 that the license be refused to every candidate suffering from mental troubles, organic lesions of the heart and other defects of the nervous system, but nothing has yet been done about the matter.

All the child specialists are in cities. It doesn't take a specialist to diagnose a case within reach of green peaches.

COLLAPSED—George Miller, stroke ear of a junior eight, is seen out during a regatta on the Schuylkill river.

Between Innings

EAST SIDE SLUGGERS

East Side Sluggers baseball team topped the Blair Steels 15 to 8 in a game at the east side field. Shaffer with two doubles was the heavy hitter of the game. Doran pitched a fine game for the winners.

Stock Market Continues To
Rise As Result Of Bullish
Factors And Drop In
Dollar

LEADING ISSUES
UP FEW POINTS

(International News Service)
NEW YORK, June 22.—A combination of new bullish factors in the stock market, and the sharp drop in the dollar since March were prominent today in the stock market.

Commodities contributed a further stimulating influence as wheat advanced more than a cent a bushel to new highs while cotton led an advance in the rest of the staples.

The market opened with a bulge which saw leading issues up 1 to more than 2 points in a buying rush which sent the high speed ticker 5 minutes behind. This subsided later as heavy profit-taking whitened down the gains.

The sell-off brought in new buying and the whole list showed a buoyant undertone.

Sterling led the new rise against the dollar, rising more than 3 cents to a new high at \$4.23. The dollar fell to a discount of 25 per cent, the equivalent of 75 cents, against foreign currencies. Bonds were strong.

The rally set the early pace, N. Y. Central spurring to a new high in heavy trading. Sentiment on the carriers was stimulated by the amicable adjustment of the wage controversy.

U. S. Steel common was heavily bought but Bethlehem was the star of the steels, spurring more than 2 points to a new high. Other strong

pivotal issues were American Telephone, Westinghouse, Du Pont, Auburn and Case Threshing. Utilities recovered from yesterday's sinking spell under the leadership of Consolidated Gas.

Stocks met resistance as they again bumped their highs for the year. This brought in considerable selling from the chart followers but was absorbed with only slight recessions.

Oil continued yesterday's rise but at a slower pace as bullish activities were spread among a broader list of stocks. Celanese led a new rise in the textiles on the best in rayon prices and hit a new high. General Motors, Chrysler and Auburn set the pace for the motors while the farm stocks bulged again with wheat.

Some News, Some Views, But
Mostly Just Observations
Of Interesting Things
Around New Castle

After watching the graduating
class of the Jameson Memorial
Hospital get their sheepskins last
night I'm convinced that they must
know discipline. Anybody who could
sit through that heat and come
through as first looking as those
young ladies has been drilled in self
discipline at least.

It can hardly be the World's Fair
that is responsible for the foreign
tourists the past two weeks, for
many of them are from the western
states. Michigan and Wisconsin
and Illinois plates have been reason-
ably common with the far west hav-
ing its representation.

The motor club is getting a lot of
visits now from tourists from a num-
ber of states and a week's list of vi-
sitors up there looks like a roll call
of the states. New Yorkers going
through to the fair seem to find
New Castle a logical stopping off
place, all of which is well.

With the government putting in a
lot of money for public work projects
the county will probably have the
opportunity of doing some things
it has wanted to do for a long time.
And its just an idea of our own
that the road into McConnell's Mills
would be a good thing to put on a
public works program and give the
folks a highway into that spot that
would be easier on tires.

Some of the roads which were
nearly finished last fall or early this
spring are now getting their top
dressing. The road from East New
Castle to the Butler road is now
wearing its top hat and the residents
on that artery have a highway they
can be proud of.

According to Walter Marshall that
was the original "Road of Remem-
brance". One trip over it before it
was improved and you could never
forget it. Now it's different. An-
other road that will soon be top
dressed, or at least it appears so,
is the one from Weigeltown across
to Center church.

And we still think that the open-
ing of the West Pittsburgh road
should call for a celebration of some
sort. After a dangerous, winding
cow path of a road for so many
years, the motorists who use that
highway feel that there should be
some sort of a shenanigan marking
its opening.

Young People's
Council Rally

Young Folks Of County Gather
In Oak Grove Church For
Program And Conference

The Oak Grove United Presby-
terian church was the scene Tues-
day of a rally of the Young People's
Council of the Slippery Rock dis-
trict of the Lawrence County Sab-
bath School Association. Recently
the council was divided into four
groups, to stress the four sides of
the "Four-Square" life. The group
emphasizing the intellectual side of
the life of the Christian sponsored
the event. With the very able as-
sistance of the other three groups
a very successful rally was held.

The program opened at 2:00 with
a devotional service in charge of
George Fox. The key note of the
day was "Onward and Upward" and
the opening devotional service was
built around the first of these two
words. Following the devotional
service the president of the Young
People's Council took charge and in-
troduced the speaker of the after-
noon, Frank Baldwin, who built his
talk around the "Four-Square Life".
Following this talk two conferences
were held. Frank Baldwin leading
the one on "Physical Growth" and
Rev. A. M. Stevenson, pastor of the
Ellwood City Presbyterian church,
leading the other on the "Spiritual"
side of the Christian's life.

After a period given over to music,
presented by groups from the dif-
ferent schools represented in the
council, another conference period
was presented. Miss Alice Grimes
led the conference on the "Social"
side of life and Rev. Charles Smith,
Jr., pastor of the Mountville and
Portersville U. P. churches, led the
conference on the "Mental" side.
After these conferences there was a
period of recreation, directed by the
group representing social activities.
Then an opportunity was given to
inspect the exhibits, one announcing
and picturing camp life, as carried
on by the state organization, and the
other an exhibit of Sabbath school
helps offered by the different boards
and agencies of the various
churches.

Then the social group provided for
the material needs of all present,
by arranging for the banquet served
by the ladies of the Oak Grove
church. The evening program was
opened by devotional service led by
Miss Edith Fisher. Music by the
Center and Oak Grove male quar-
tettes and a group of songs by Miss
Beryl Stickle.

The evening program was in
charge of Rev. C. G. Johnston, of
the Center U. P. church. The ad-
dress was given by Rev. A. M. Ste-
venson, of the Ellwood City Presby-
terian church, on "Leading the
Young People in Worship." He gave
them a pattern for worship, based
on Isaiah's vision of the Lord in the
Temple. The true pattern of wor-
ship contains these elements: Ado-
ration, Confession, Assurance and
Dedication. Was a fitting close to
a worthwhile program.

The music at the banquet was
furnished by the "Harvest Moon
Ramblers." The program commit-
tee consisted of the following: Re-
sponsible Smith, Jr., Miss Ethel Hunt
and Rev. C. G. Johnston. Ashley
Stevensson chairman of the "Intel-
